FOREWORD

Institutional Research & Planning is pleased to present the **Boston College Fact Book, 2023-2024**, the 51st edition of this publication.

This book is intended as a single, readily accessible, consistent source of information about the Boston College community, its resources, and its operations. It is a summary of institutional data gathered from many areas of the University, compiled to capture the 2022-2023 Fiscal and Academic Year, and the fall semester of the 2023-2024 Academic Year. The Fact Book provides pertinent facts and figures valuable to administrators, faculty, staff, and students. Where appropriate, multiple years of data are provided for historical perspective.

Sincere appreciation is extended to all contributors who offered their time and expertise to maintain the greatest possible accuracy and standardization of the data. Special thanks go to Daniel Riehs, Danielle Tulipano, and Qi Meng for their extensive contributions. A concerted effort is made to make this publication an increasingly more useful

reference, at the same time enhancing your understanding of the scope and progress of the University. We welcome your comments and suggestions toward these goals.

This Fact Book, as well as those from previous years, is available in its entirety at bc.edu/factbook.

THE MISSION OF BOSTON COLLEGE

Strengthened by more than a century and a half of dedication to academic excellence, Boston College commits itself to the highest standards of teaching and research in undergraduate, graduate and professional programs and to the pursuit of a just society through its own accomplishments, the work of its faculty and staff, and the achievements of its graduates. It seeks both to advance its place among the nation's finest universities and to bring to the company of its distinguished peers and to contemporary society the richness of the Catholic intellectual ideal of a mutually illuminating relationship between religious faith and free intellectual inquiry.

Boston College draws inspiration for its academic and societal mission from its distinctive religious tradition. As a Catholic and Jesuit university, it is rooted in a world view that encounters God in all creation and through all human activity, especially in the search for truth in every discipline, in the desire to learn, and in the call to live justly together. In this spirit, the University regards the contribution of different religious traditions and value systems as essential to the fullness of its intellectual life and to the continuous development of its distinctive intellectual heritage.

Boston College pursues this distinctive mission by serving society in three ways:

- by fostering the rigorous intellectual development and the religious, ethical, and personal formation of its undergraduate, graduate, and professional students in order to prepare them for citizenship, service and leadership in a global society;
- by producing nationally and internationally significant research that advances insight and understanding, thereby both enriching culture and addressing important societal needs; and
- by committing itself to advance the dialogue between religious belief and other formative elements of culture through the intellectual inquiry, teaching and learning, and the community life that form the University.

Boston College fulfills this mission with a deep concern for all members of its community, with a recognition of the important contribution a diverse student body, faculty and staff can offer, with a firm commitment to academic freedom, and with a determination to exercise careful stewardship of its resources in pursuit of its academic goals.

A BRIEF HISTORY OF BOSTON COLLEGE

Boston College was founded by the Society of Jesus in 1863 and, with three teachers and 22 students, opened its doors on September 5, 1864. Through its first seven decades, it remained a small undergraduate institution, offering the sons of Boston's Irish working class a rigorous course load in theology and philosophy, classical languages, rhetoric, math, and science.

Originally located on Harrison Avenue in Boston's South End, the College outgrew its urban setting early in the twentieth century and moved to the former Lawrence Farm in Chestnut Hill, where ground was broken on June 19, 1909, for the construction of a central Recitation Building, later named Gasson Hall in honor of President Thomas I. Gasson, S.J., who led the relocation. The Recitation Building opened in March 1913. The three other buildings that still shape the core of the campus—St. Mary's Hall, Devlin Hall, and Bapst Library—opened in 1917, 1924, and 1928, respectively.

Though incorporated as a university since its founding, Boston College did not begin to fill out the dimensions of its university charter until the 1920s, with the inauguration of a graduate school of arts and sciences, the Law School, and the Evening College, today called the James A. Woods, S.J., College of Advancing Studies. The 1930s saw the introduction of the Graduate School of Social Work, now the Boston College School of Social Work, and the College of Business Administration, today the Wallace E. Carroll School of Management. The School of Nursing—named in honor of William F. Connell in 2003—and the School of Education and Human Development—named in 1999 for Carolyn A. and Peter S. Lynch—followed in 1947 and 1952, respectively. The oldest and largest of the University's eight schools and colleges, the Robert J. Morrissey College of Arts and Sciences, was named in 2015 in honor of alumnus Robert Morrissey, Boston College's largest benefactor.

In 1974, Boston College acquired a 40-acre site 1.5 miles from the Chestnut Hill Campus that had been owned by Newton College of the Sacred Heart. The land is the present site of the Boston College Law School and of residence halls housing some 800 freshmen. Between 2004 and 2007, the University acquired a 65-acre parcel from the Archdiocese of Boston, just across Commonwealth Avenue in Brighton. The Brighton Campus is now home to the School of Theology and Ministry, which was established in 2008, the Cadigan Alumni Center, the McMullen Museum of Art, and the University Conference Center.

To honor its 150th anniversary in 2013, Boston College celebrated three semesters of activities, including a Mass at Fenway Park for 20,000 alumni, students, faculty, and friends; academic symposia; a naturalization ceremony; student and alumni service projects; and a student concert at Symphony Hall.

In 2016, Boston College was elevated to an R1 institution by the Carnegie Foundation, a designation for doctoral universities with the highest research activity classification, and concluded its Light the World capital campaign, having raised a record-breaking total of \$1.605 billion in support of academic programs, student financial aid, faculty research, student formation initiatives, and capital projects.

In 2017, the University announced a new 10-year strategic plan, Ever to Excel: Advancing Boston College's Mission, which includes a commitment to liberal arts education, formation, research, and an increased presence and impact locally and globally.

Pine Manor College in Brookline integrated with Boston College in 2020. The Pine Manor Institute for Student Success will serve first generation, low-income students from both schools through a \$50 million endowment established by Boston College.

In 2021, Boston College enrolled its first class of engineering students for its new major in human centered engineering.

In 2022, Boston College celebrated the opening of 245 Beacon Street, a 150,000-square-foot facility that houses the Schiller Institute for Integrated Science and Society, the Engineering and Computer Science Departments, and the Shea Center for Entrepreneurship.

In 2023, Boston College welcomed its first Nobel Laureate, Seidner University Professor Paul Romer, who will teach in the Finance Department in the Carroll School of Management and direct the Center for the Economics of Ideas. In September, the University launched Soaring Higher, a \$3 billion capital campaign to raise money for institutional priorities in academics, financial aid, and student life.

THE JESUIT COMMUNITY AT BOSTON COLLEGE

With 50 members, the Jesuit Community at Boston College is one of the larger apostolic communities of the Society of Jesus throughout the world. Twenty-seven Jesuit priests serve in the University as either full-time or part-time members of the administration, faculty, and staff. Many of them also offer Ignatian retreats and spiritual direction to faculty, staff, and students and provide regular assistance to the diocesan church, both locally and nationally. Other Jesuits in residence include staff of the St. Ignatius Parish and visitors from around the world who are studying for graduate degrees at the University or doing other private sabbaticals from their home community. Two are involved in ministries beyond the University, two who act as the Jesuit Superior and Administrator of the Jesuit Community itself, and six who are retired professors.

St. Mary's Hall is the primary residence of the Jesuit Community, although some Jesuits live in six smaller residences around the perimeter of the campus. Two Jesuits live in student residence halls. For further details, see the Jesuit Community web page at <https://www.bc.edu/bc-web/sites/jesuit-community.html>

THE SAINT PETER FABER JESUIT COMMUNITY AT BOSTON COLLEGE

With 68 members, the Saint Peter Faber Jesuit Community (FJC) is an international group of Jesuits whose main apostolate is theological reflection, scholarship, and research. FJC includes Priests, Scholastics, and Brothers who come to study and teach Theology, and to prepare for ministry. The Community is located on Foster Street, adjacent to the Boston College Brighton campus.

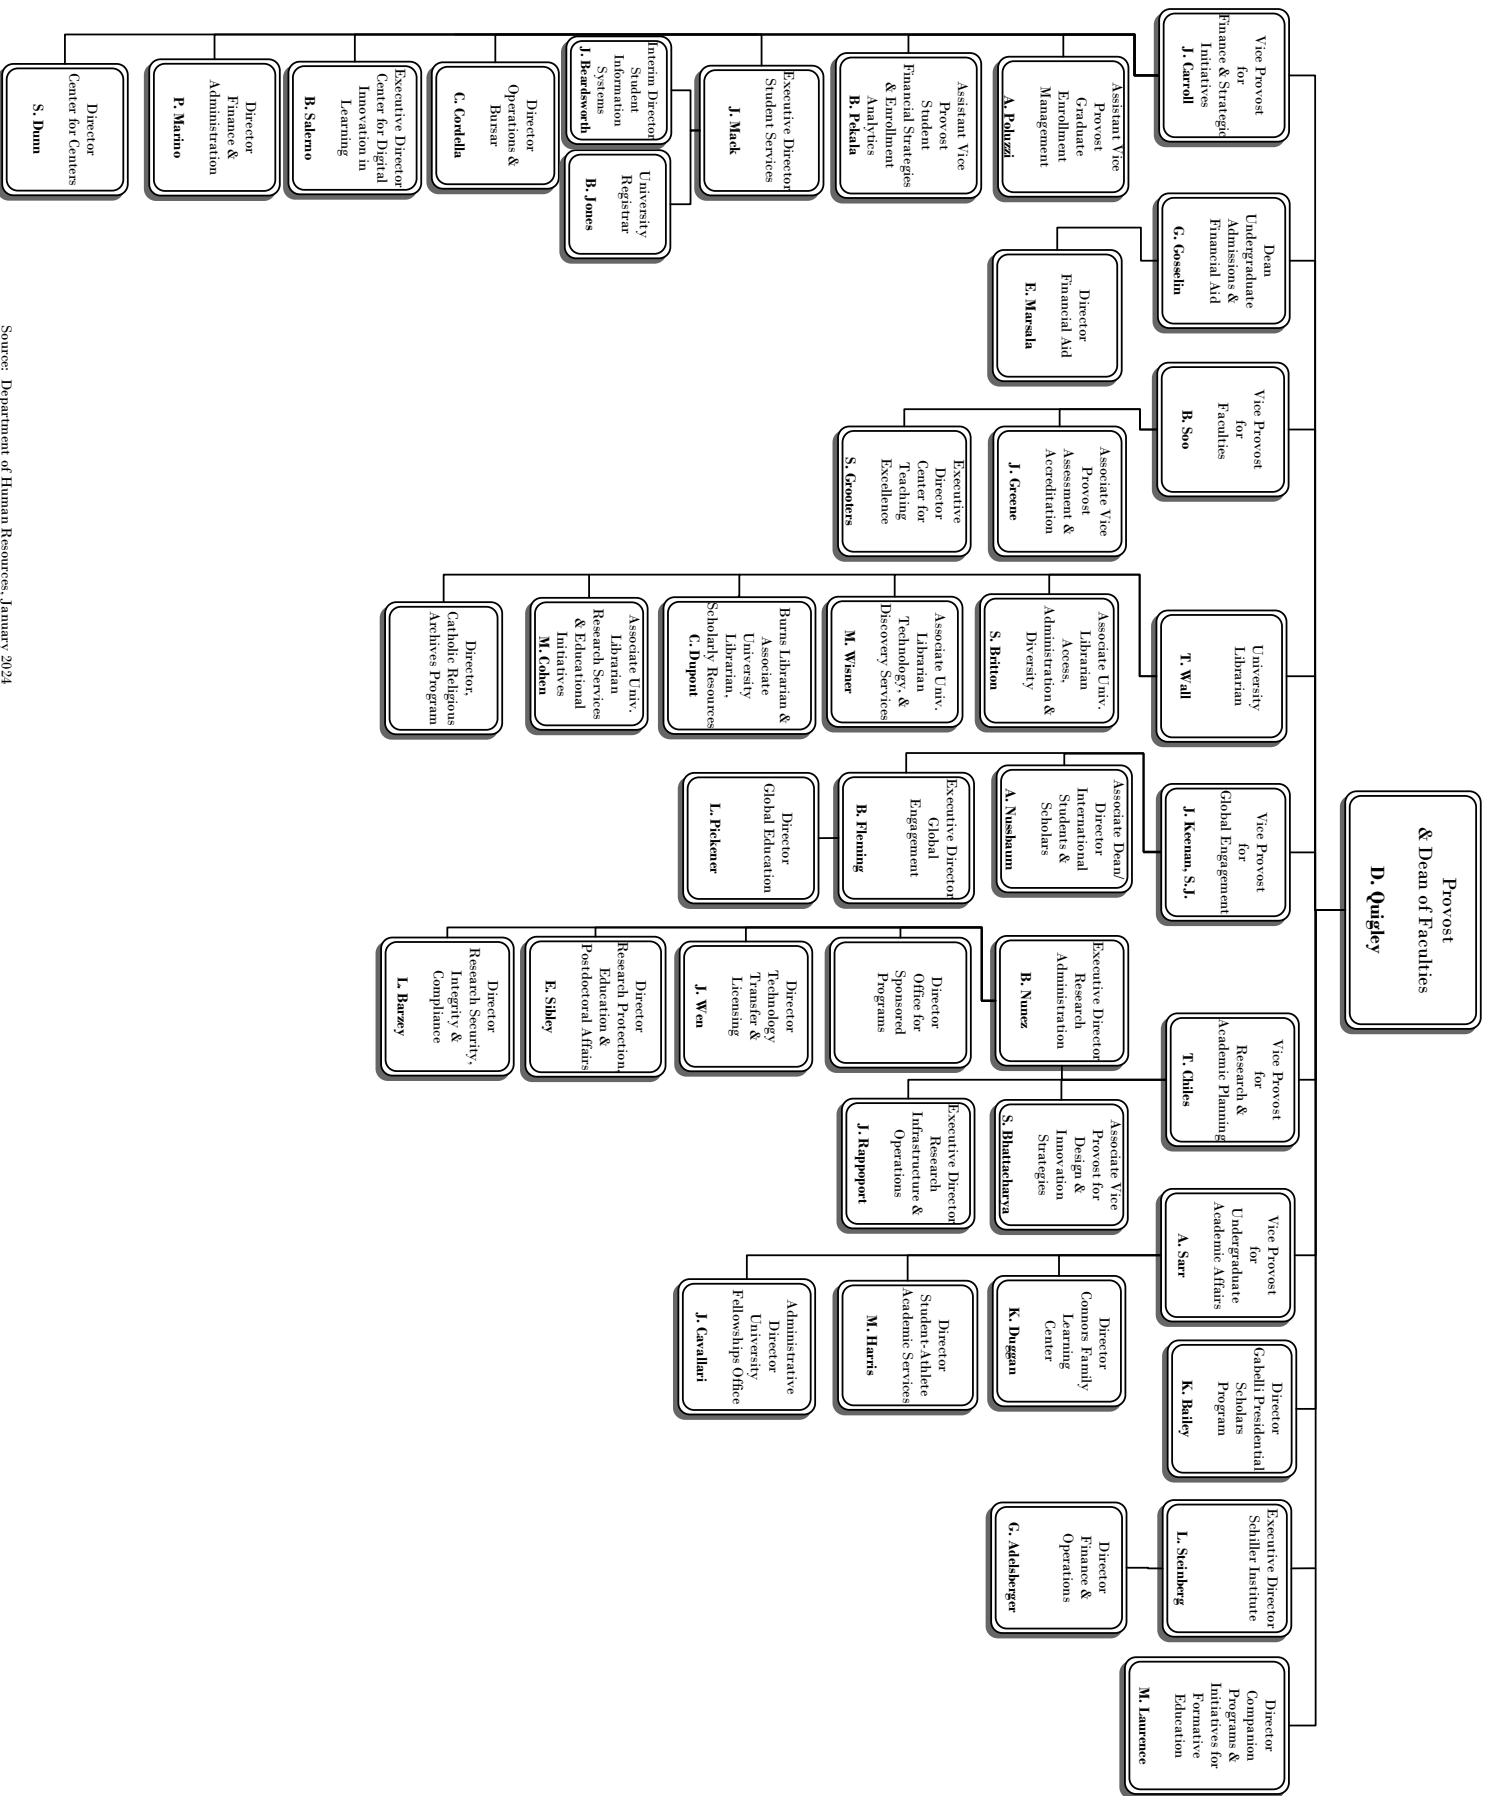

Together with the ecclesiastical faculty within the Boston College School of Theology and Ministry (STM), FJC forms an Assistancy Apostolate that is accountable to the Jesuit Conference Board. The Major Superior is the President of the Jesuit Conference.

¹ Includes all full-time faculty members who are not on unpaid leave.

² Part-time faculty counts are categorized based on course departments. They include instructors of record paid as part-time faculty, as well as staff and administrators teaching courses without pay. Includes online courses.

³ While the responsibilities of a teaching fellow may vary by department, a teaching fellow is generally a graduate student responsible for all aspects (teaching, assessment, etc.) of an undergraduate course.

⁴ While the responsibilities of a teaching assistant may vary by department, a teaching assistant is generally a graduate student assigned to assist with various aspects of a course under the direction of a faculty member.

⁵ Total part-time faculty, teaching fellows and teaching assistants is a headcount of individuals. Since faculty, teaching fellows and teaching assistants may teach in more than one school or department and are counted once in the total, the column total may be less than the sum of the rows.

Note: FTE of Full-time faculty = Includes all active full-time faculty not on unpaid leave for the year. FTE of Part-time faculty: three part-time faculty equals one FTE faculty. FTE of Fellows & Assistants: three fellows or assistants equals one FTE faculty.

Note: The College Board launched a redesigned NEW SAT in 2016, comprised of three sections: Evidence-Based Reading and Writing; Math; and an optional Essay. Boston College does not require the Essay and therefore is reporting scores for the Evidence-Based Reading and Writing and Math sections. Only scores from the redesigned SAT are included. Boston College adopted a test-optional policy for first-year applicants to the Class of 2025, Class of 2026, and Class of 2027. Test score ranges and averages are based on the students who submitted test scores.

¹ Undergraduate day student enrollment includes 380 students on Boston College International Exchange programs who are not on the Boston College campus. Excluding those studying abroad, the total number of undergraduate day students attending Boston College is 9,195.

² Undergraduate Arts & Sciences numbers include 5 students who are in a dual degree program with the Graduate School of Arts & Sciences, 8 students who are in a dual degree program with the School of Social Work, and 1 student who is in a dual degree program with the Law School. These students are only included in the undergraduate count and are not included in the graduate school count.

³ Undergraduate Education numbers include 10 students who are in a dual degree program with the School of Social Work. These students are only included in the undergraduate count and are not included in the graduate school count.

⁴ Students enrolled in multiple graduate schools are included in the enrollment counts of each of the schools in which they are enrolled.

⁵ Total Graduate & Professional is a headcount of individual graduate students; because students enrolled in multiple graduate schools are counted only once in the total, the column total may be less than the sum of rows.

Starting in Fall 2021, students enrolled in multiple graduate schools are included in the enrollment counts of each of the schools in which they are enrolled. Because students enrolled in multiple graduate schools are counted only once in the total, the graduate school totals may be less than the sum of columns.

ENROLLMENT BY RACE/ETHNICITY, GENDER, AND CITIZENSHIP

Undergraduate Day Schools, Fall 2023

Note: The Higher Education Opportunity Act of 2008 resulted in changes to the manner in which race/ethnicity data are collected and reported. For this reason, three views are displayed in order to reflect the variety of ways in which race/ethnicity data may be presented.

Table A: This table presents race/ethnicity data by federal reporting standards (i.e., IPEDS).

Single Race/Ethnicity	Men	Women	Total	Percent
American Indian or Alaska Native	1	10	11	0.1%
Asian	541	545	1,086	12.5%

Grand Total	4,445	5,130	9,575	100.0%
Total AHANA students ³	1,416	1,681	3,097	35.6%

Table B: This table presents a headcount view of race/ethnicity data for students who select a single category; students who select more than one race/ethnicity appear in the "Two or More" category.

Single Race/Ethnicity	Men	Women	Total	Percent
American Indian or Alaska Native	1	10	11	0.1%
Asian	541	545	1,086	12.5%

Total U.S. Citizens Reporting Race/Ethnicity	3,973	4,735	8,708	100.0%
Total AHANA students ³	1,416	1,681	3,097	35.6%

Table C: This table presents race/ethnicity data for U.S. Citizen or permanent resident students who chose to identify in any category. In that a student may be counted in more than one group, duplication may result and the % sum may be >100%.

Combined Single and Multiple Races/Ethnicity	Men	Women	Total	Percent
American Indian or Alaska Native	24	43	67	0.8%
Asian	688	714	1,402	16.1%
Black or African American	282	409	691	7.9%

Native Hawaiian or Other Pacific Islander	14	13	27	0.3%
White	3,058	3,692	6,750	77.5%

¹ Per federal reporting requirements, students who select the Hispanic/Latino ethnicity and any other race are only reported in the Hispanic of Any Race category.

² International students include nonresident aliens of all racial and ethnic groups including White.

³ AHANA students include those who self-identify as: American Indian or Alaska Native; Asian; Black or African American; Hispanic/Latino of Any Race; Native Hawaiian or Other Pacific Islander; and/or Two or More Races/Ethnicity. AHANA values are based on U.S. Citizen or permanent resident students who report their race/ethnicity.

UNDERGRADUATE STUDENT RETENTION AND GRADUATION RATES

First-Year Matriculants

Semester of Entrance	First-Year to Sophomore Year Retention Rate	Transfer Out Rate¹	Graduation Rate²
Fall 2012	95%	6%	92%
Fall 2013	96%	4%	94%
Fall 2014	95%	6%	92%
Fall 2015	95%	6%	91%
Fall 2016	95%	6%	91%

¹ Calculated based on those who transfer out in good standing. To be in good standing, as defined by the Office of Student Services, a student must ordinarily maintain a cumulative average as mandated by their college and must not fall more than two courses behind the total number of courses a student of their status is expected to have completed. Any student who is permitted by the deans to continue enrollment in a full-time undergraduate program is considered to be in good standing.

² Calculated based on graduation rate at 150% of normal time (6 years).
