SPECIAL TO THE IRISH TIMES

O'Toole has a great deal to say about the Catholic Church in America, but he is also clear-eyed about its shortcomings. In a recent interview, he argued that the Church has failed to address the sexual abuse scandal adequately. He also expressed concern about the growing influence of conservative Catholics, who have accused him of being too liberal. O'Toole is a respected scholar, and his views are worth considering.

In the end, O'Toole's message is clear: the Catholic Church needs to take responsibility for its past mistakes and work towards a future that is more inclusive and just. As O'Toole says, "We need to be honest with ourselves about our past and work towards a future that is more just and equitable."
