The Attic is a collaborative photography exhibit that will feature a series of photographs produced together by all five artists surrounding the conceptual theme of "The Attic." The exhibit will also highlight independent works by all artists surrounding themes such as gender roles, urban culture, Zen philosophy, and various sub-cultures. The opening reception promises to be a multi-sensory experience with thought provoking images, great food, and live music by WZBC 90.3 FM's DJ's Will Lynch and Sarah Joy.

The works will be hanging throughout the house until the end of the fall semester.
