

Eagle EMS of Boston College

EMT-B Course 2008

Start Date: January 15, 2007

Cost: \$850, to be paid January 15th

Topics include:

- Roles & responsibilities of the EMT
- Patient Assessment (Medical & Trauma)
- Cardiopulmonary Resuscitation (CPR)
- Oxygen administration
- Airway maintenance include oral suctioning
- Trauma patients
- Medical Patients
- Environmental Patients
- Lifting and moving patients

This class will meet in two 4-hour sessions on Tuesday and Thursday evening from 6-10 pm and EVERY Sunday for 8-hours. Class will conclude on Sunday March 30. There will be a certifying exam conducted by the Mass. Dept. of Public Health about 3 weeks after the end of the program (and hopefully before Final Exams).

Please make checks out to EMSA.

Upon registering for the written exam, there will be an additional \$55 charge by the State of Massachusetts.

To confirm your registration for the course, or with questions, please contact Mike Smith at smithixy@bc.edu.
