Many BC Students, in programs such as PULSE and 4Boston, volunteer their time with community-based organizations serving immigrant populations. But how much do you know about the realities of immigration and deportation that affect the populations you will be working with?

Same workshop will be offered on two dates in Fulton 511:

**Mon., October 20 7:00-9:00pm, or**

**Tues., October 21 7:00-9:00pm**

Sponsored by the BC Center for Human Rights and International Justice
