

# BC GIS Contest

## 7<sup>th</sup> Annual Geographic Information Systems (GIS) Mapping Contest at Boston College

Students are invited to present their GIS mapping work as part of a campus-wide celebration of geospatial research at Boston College. Prizes will be awarded to the top student entries which will be displayed in the O'Neill Library lobby area on Wednesday, April 27th, 2016.

**Contest guidelines and poster instructions are on the submission form.**

**URL:** <http://bclib.bc.edu/form/gis-contest> **Contest deadline: April 6<sup>th</sup>, 2016**

### **Submissions will be judged on:**

- Quality of the map
- Appropriate use of GIS as a research tool at Boston College within the last year.
- Originality
- Topics from a wide range of disciplines are accepted (such as Geosciences, Biology, Social Sciences, Education, History, Economics, etc). Topics depicting social implications of research such as environmental, social justice, public health, etc. will receive special consideration
- Coursework or research undertaken at BC

**Prizes awarded to both the best undergraduate and graduate students at each level.**

**First Prize: \$100 Amazon gift card**

**Second Prize: \$50 Amazon gift card**

**Third Prize: \$25 Amazon gift card**
