**Agency Name:** Massachusetts College of Art & Design  
**Agency Department (if applicable):** Counseling & Wellness Center  
**Address:** 621 Huntington Ave. Kennedy Building 2nd Floor Boston, MA 02115  
**Website:** inside.massart.edu/counseling

**Agency description/mission statement:**  
The Counseling and Wellness Center (CWC) offers counseling and wellness programs throughout the academic year. The primary purpose of the center is to enhance the ability of students to develop their creative, intellectual, and emotional potential in order to have a successful college experience. MassArt Wellness strives to promote the physical, mental, and emotional well-being of students through programming, workshops, guest speakers, and by providing health and wellness education and resources. We are committed to fostering a community of empowerment, self-care, and healthy living based on the mind, body, and spirit connection through risk-reduction and prevention, and proven health maintenance strategies. The CWC works collaboratively with Student Development programs including housing and residence life, student activities, and student leadership training.

**Title of position:** MassArt Program Implementation and Evaluation Intern

**Practicum description:** Assist Health & Wellness Coordinator with Health & Wellness programming by implementing evidence-based models of health and wellness programming, assessment, and evaluation. Will receive 16 hour certification in Motivational Interviewing and BASICS (Brief Alcohol Screening and Intervention for College Students) from Counseling and Wellness staff psychologist during September orientation.

**Scope of work:**
- Assist with the coordination and implementation of health and wellness programming and workshops throughout the year.
- Assist with the coordination and implementation of Peer Support Group training and mentoring
- Hold focus groups to gather student body interest in health & wellness-related issues
- Present possible health and wellness programming/workshop ideas, assess and evaluate feedback from focus group participants
- Coordinate and implement assessments and evaluations using Campus Labs for all health and wellness programming throughout the academic school year
- Contribute to Counseling & Wellness Social Media, online events calendar, and “Ask Amy” maintenance
- Contribute health and wellness education and resources to MassArt’s Wellness website
- Provide BASICS (Brief Alcohol Screening and Intervention for College Students) sessions to students mandated to complete the two session program

**Preferred and/or Required skills:**
- Bachelor’s degree and currently be enrolled in a master’s degree program in social work, counseling, higher education or public health
- Understanding and support of the mission of the college
- Excellent written and verbal communication skills
- Experience with presentations and group facilitation
- Commitment to co-curricular opportunities for education
- Experience working with college age students

**Estimated start/end date:** August 15, 2015 - May 15, 2016

**Estimated days/hours:** 2-3 days/week, 10 hours/week

**Application deadline:** 9/1
