1. Once you have received the Fitbit tracker, download and install the software from www.fitbit.com/start.

2. Follow the instructions for pairing the device to your account. If you already have a Fitbit account, sign in as an existing user. If not, create an account by selecting “New to Fitbit”.
After pairing your device, you will see an invitation to join the Walk Across Campus wellness program. Click on “Get Started Now” for more details about BC’s program and how your data will be shared. Below is a sample of an invitation. Your invitation will indicate BC and the WAC:

To join the WAC, fill in the requested information and select your team’s name from the list of groups in the dropdown menu. Hint, your Team Leader should have recently confirmed the correct Team name for you. Click the “Join Program” button to be enrolled.
If you did not receive an invitation or declined to join the WAC wellness program during the setup process, you can join the program from your Fitbit dashboard. First, log in to your account on www.fitbit.com/login.

Once logged in, you should see a banner at the top of the page notifying you that you have been invited to join the program. Clicking on “Get Started Now” will take you to the screen to join the program.
You can join the program from the settings page of your personal dashboard at any time. Click on the gear icon and then the “Settings” tab.

Select the “Fitbit Wellness” tab on the left, then click “Join” to be taken to the program invitation screen.

You will then see this screen, where you should select the team you have been assigned to, from the drop down list, by clicking on the “arrow” indicated, and scrolling to your team's name.
When you join, a tile will appear on your personal dashboard, which will give you insight into how you compare to your fellow team members.
