Preparing for Study Abroad

- Students can maximize their study abroad experience by learning about their host country, its history, and culture. Students may want to go to Encyclopedia Britannica <http://www.britannica.com/> for a summary of Liverpool and the United Kingdom. Another useful site is: www.economist.com/countries. Please refer to the suggested readings and websites provided at the end of this document for additional information
- Students should know what is happening in the news in their host country by reading the local newspaper at: <http://www.liverpoolecho.co.uk/> or <http://www.liverpooldailypost.co.uk/>
- Encountering and adapting to a different culture is an intricate component of studying abroad. Students are strongly encouraged to use the following websites to learn about intercultural communication before you leave home: <http://www.pacific.edu/sis/culture/> and <http://www.peacecorps.gov/wvs/educators/enrichment/culturematters/index.html>.
- Customs and traditions in Great Britain will be different than the ones found in the United States and at Boston College. To learn a little about the local customs and traditions you may want to consider the following questions: What type of government does Great Britain have; who is the Prime Minister; what are the national sports; what are some of the popular TV shows; who are some of the biggest celebrities in Great Britain; what music is currently popular; how do you order food in a pub; what is the policy regarding tipping? In addition, students should review the below site for information regarding British customs and traditions: <http://www.kwintessential.co.uk/resources/global-etiquette/UK.html>
- Students and their parents/legal guardian should refer to the Office of International Programs website for more information regarding the abroad experience: www.bc.edu/international. In addition, all students will be given the Boston College Study Abroad Handbook prior to departure. Students are expected to attend the mandatory pre-departure orientation held at Boston College. At the orientation, students will have a chance to learn more about their host country/city from their advisor and former study abroad students. Finally, additional student and parent information can be found at: <http://www.studyabroad.com/guides/index.html>

Travel Information

- Students are responsible for making their own travel arrangements. There are numerous travel sites that can aid students in finding flights. STA Travel is popular among students (www.statravel.com). Please note that students traveling to Great Britain must have a returned flight booked as part of the United Kingdom's immigration policies.

Students who fly into Liverpool John Lennon Airport can take a taxi from the airport to the university and their accommodation. A taxi from the airport will cost approximately £11.

Students who fly into Manchester Airport can take a train or coach from the airport that runs directly to Liverpool. From the Manchester Airport train station, trains run directly to Liverpool Lime Street train station. The cost of a single ticket is approximately £8 and the journey will take about an hour and thirty minutes.

Alternatively, students can take a coach from Manchester Airport directly to the Norton Street coach station in Liverpool. There are different service numbers operating on this route, and the services run every hour. If you are in any doubt about which coach you should travel on, ask at the Ticket Office. The journey takes approximately 1 hour. From either the Liverpool coach station or train station, students can take a taxi to the university and their accommodation.

For information about airports in the Liverpool area, please refer to www.baa.com, www.liverpooljohnlennonairport.com or www.manchesterairport.co.uk.

For train times, see www.nationalrail.co.uk/ or <http://www.traindirect.co.uk>.

Liverpool will provide additional details regarding arrival and orientation.

- Passports: Students traveling to Great Britain need to have a valid passport that will not expire while abroad. Passports should be valid for at least 6 months after the last day in Great Britain. Students can find more information about passports here: http://travel.state.gov/passport/passport_1738.html
- Visa Information: The below information has been compiled from multiple sources. It is meant to work as a guide for students. There are two routes to enter Great Britain: as a **Student Visitor** or on a **Tier 4 (General) Student Visa**.

For the most up-to-date information, students should use the information contained on these websites:

- Home Office: UK Border Agency:
<http://www.ukba.homeoffice.gov.uk/studyingintheuk/> The two most relevant links are under, “Adult Students” and/or, “Student Visitors.”
- Official British Government Website for Visa Services:
<http://www.ukvisas.gov.uk/en/>
- Worldbridge Service:
https://www.visainfoservices.com/Pages/Content.aspx?tag=Welcome_Page
Worldbridge is the official company which handles all visa inquires. Students should contact Worldbridge for any visa inquires and not the British Consulate (s). The Consulates contact all questions out to Worldbridge.

Student should carefully read all documents sent to them by Liverpool. Failure to properly follow the directions will result in delays in processing visas or lead to entry denial into the U.K.

- **Student Visitors:** The Student Visitor status applies only to students studying in Great Britain for 6 months or less. The exception is if a student intends to volunteer, work or complete a pre-practicum or practicum abroad or if a student flies to Great Britain through the Republic of Ireland, the student will need to apply for a Tier 4 (General) Student Visa (information provided below). Student Visitors do not need to complete any application prior to leaving for Great Britain. Student Visitors will enter Great Britain and have their passports stamped accordingly. Students do need to provide the following documents and information upon arrival in Great Britain:
 - Valid Passport
 - Proof that you have an unconditional acceptance for your course at Liverpool. This will be provided by Liverpool.
 - Boston College tuition support letter. This will be provided by BC OIP.
 - Maintenance funds. Maintenance funds are original bank statements in the student’s or the parent’s/guardian’s name. Liverpool students need to show at least 600 British pounds per month abroad. Financial aid, scholarships and loans can be used as well. All documents must be in the student’s or the parent’s/guardian’s name and must be on original documents (no web sites, PDFs, etc.). Joint accounts can be used. These amounts must be held in the bank account for a minimum period of 28 days. The end of that 28 day period must not be more than one month before the date of your application, for which you must show bank statements/other evidence. Finally, students must write on the documents how much the dollar amount is in pounds. Students must use the following site to convert dollars into pounds: www.oanda.com. If a student chooses to use their parent/guardians funds as proof the following specified original legal documentation (or a notarized copy) establishing the relationship must be provided with the application, which must include one of:
 - The applicant's birth certificate, showing name of the parent(s) showing the funds

- Certificate of adoption showing the name of the student and the parent(s) showing the funds
 - Court document stating the name of the legal guardian(s) of the named student showing the funds
 - Evidence that the student intends to leave Great Britain after the semester is over (return airline ticket).
- **Tier 4 (General) Student Visa:** Students who wish to stay in Great Britain for more than 6 months or intend to work, intern (including practicum and pre-practicum students), volunteer or fly through the Republic of Ireland, will need to obtain a Tier 4 (General) Student Visa prior to entering Great Britain. Students who need to obtain a Tier 4 (General) Student Visa will complete the application process before leaving the United States for Great Britain. The application process is begun no earlier than 3 months prior to departure. Students applying for a visa will need to complete the following steps:
 - Complete online application. The application can be found here: <http://www.ukvisas.gov.uk/en/applyonline>
 - Complete biometrics appointment. Biometrics information is provided and explained online after completing the online application.
 - Send printed visa application, stamped biometrics and supporting documents to the British Consulate in New York. Supporting documents include:

 - Boston College tuition support letter. This will be provided by OIP.

<http://www.liv.ac.uk/study/international/study-abroad/incoming-studying.htm>

Students can take classes in 1-2 academic departments. Courses or modules are less structured than courses at Boston College. Students are expected to do much more independent reading. Student's grades will be based on a limited number of assignments. It is likely that ones grade will be based on one final exam or paper.
- Boston College course approval information will be found at:
<http://www.bc.edu/offices/international/advisingservices/academics/courseapproval.html>

Housing

- Housing fees will be paid directly to the housing provider in Liverpool and costs vary according to the type of accommodation. Visiting students are placed alongside regular Liverpool students in student accommodation. Since the university-owned residence halls for undergraduates are further from the campus, most students opt for the private residence halls which are close to the university and the city center, such as the UNITE residence halls. The majority of these halls are based on apartment-style living with 5 or 6 single rooms (some with private bathrooms) and a shared kitchen and common room. This type of housing is self-catered (i.e., no meal plan). Upon arrival students sign a Housing Contract (similar to a lease). This contract will stipulate the number of weeks that students will be living in the housing. Spring/Full Year students: If exams are over in the early part of the examination period students will still be responsible for paying the rent on the housing to the end of the exam period.

More information on the housing options can be found on the Liverpool web site at www.liv.ac.uk/international/exchange/incoming/liverpool.htm.

- Additional information about the estimated cost of housing may be found at: http://www.bc.edu/offices/international/meta-elements/pdf/0910_estimated_stude.pdf
- Since the residence halls are self-catered, there is no comprehensive meal plan. During term, the best place to take your meals is at one of the various food outlets on campus since the prices are subsidized and less expensive than BC. There is a small supermarket on campus and a larger supermarket in town. There are shops and a small supermarket on campus and in town. Take advantage of college/university events and social meeting places to save money and mingle with other local students.
- Local Transportation: Liverpool has a very good transport system with regular bus and train services in addition to the underground Merseyrail metro system. Taxis are also available and tend to be relatively cheap, but it is recommended that students try to buy bus, train or metro passes. Students can get information of the range available and prices from the Travel Office, Williamson Square, (Liverpool City Centre).

For enquiries on national ground transportation, please see the National Rail website (www.nationalrail.co.uk/) or the National Express coaches website (www.nationalexpress.com). Cheap national flights are also available through Easyjet (www.easyjet.com) or Ryan Air (www.ryanair.com).

- Visiting students are strongly encouraged to explore opportunities and activities available through the Guild of Students. The Guild includes shops, cafes, bars and a range of student support services. Students are also encouraged to join one or several of the numerous student societies and sports clubs. A wide variety of sports facilities are available including a 33-meter swimming pool, squash courts, indoor cricket nets, and fitness suite.
- Cell Phones: Students may purchase pre-paid cell phones upon arrival (these do not require a contract).
