Dear Student,

As Mayor of Boston, I am happy to welcome you to the city of Boston. I am delighted that you have chosen to pursue higher education in our great city. It is important to me that your time in Boston is safe, successful and rewarding.

To ensure that you have all of the information that you need, I invite you to visit the City of Boston's [student web pages](#). I am especially concerned that students living off campus have apartments that meet our health and safety codes. This web page contains important information regarding apartment inspections, safety, jobs and internships, and other useful information.

Finally, please visit the City of Boston's [Facebook page](#) and my [Twitter](#) account for updates on events, programs, and more throughout the year.

I wish you success in your endeavors, and once again I hope that you have a wonderful experience in Boston.

Sincerely,

Thomas M. Menino
