The mission of the Boston College Honors House Program (HHP) is to provide students enrolled in the Honors Program with an academically focused residential community. The community is designed to foster an intellectual environment where students not only engage in discussion and debate, but also develop strong bonds among themselves and the participating faculty.

**EXPECTATIONS**

- Participate in a *minimum of six* HHP events each semester. You must sign in at each event. Failure to attend will result in revisiting your commitment to the HHP.
- Be engaged intellectually. This is the same expectation which the Honors Program has for your classes and for the program overall.
- Get to know the other residents, the staff and the faculty involved in the HHP.
- Respect and clean up all materials, equipment, and facilities in your respective hall.
- For seniors who reside in the Honors House in Gabelli, each apartment will plan, organize, and facilitate one program per year involving a faculty member and other members of the HHP. Residential Life will supplement and/or fund your event. You will have assistance from your RA and members of your suite MUST meet with the RD before your program is approved.

**VIOLATIONS**

- Students who do not adhere to the above stated requirements jeopardize their living privileges in the HHP. Administrative removal from the HHP may occur at any time during the year due to violations of this living agreement or University policy.
- Residents in the HHP must follow the same rules and regulations as outlined in the "Conditions for Residency."
- One copy of this agreement must be signed and returned to the Office of Residential Life. No one is permitted to move their HHP room assignment without a signed copy of this agreement on file.

**I HAVE READ THE HONORS HOUSE PROGRAM LIVING AGREEMENT AND AGREE TO ABIDE BY THE POLICIES STATED WITHIN.**
