Learning Reconsidered 2: A Practical Guide to Implementing a Campus-Wide Focus on the Student Experience (2006)

Editor: Richard P. Keeling

Learning Reconsidered 2 is a blueprint for action. It shows how to create the dialogue, tools, and materials necessary to put into practice the recommendations in Learning Reconsidered. This companion book brings together new authors, discipline-specific examples, and models for applying the theories in the original publication to move beyond traditional ideas of separate learning inside and outside the classroom.
