

## INFORMATION TECHNOLOGY SERVICES

Information Technology Services manages Boston College's computing, communications, and electronic information resources, and working with key constituencies throughout the University, provides the leadership to shape future technology plans and strategies to meet the mission and goals of the University. The highly integrated Boston College campus technology environment provides voice, data, and cable television connections to classrooms, offices, and residence hall rooms. IT staff work to keep up with rapidly changing applications and technology infrastructure, providing faculty, staff, and students with the tools and technologies needed to compete and succeed. As the development of Web-enabled services matures, BC continues providing new Web-based online services, such as enhanced email services and personal information management options.
