Forum on Ethics: Creating a World Beyond Poverty with Jacqueline Novogratz

5:30 pm in Robsham Theater

Jacqueline Novogratz is an American entrepreneur and author. She is the founder and CEO of Acumen, a nonprofit global venture capital fund whose goal is to use entrepreneurial approaches to address global poverty. Her book, The Blue Sweater: Bridging the Gap Between Rich and Poor in an Interconnected World, was inspired by an encounter she had while in Kigali, Rwanda. During a routine jog in her early 20’s, Novogratz spotted a boy who was wearing a distinct blue sweater that upon closer inspection, turned out to be the same blue sweater she had donated to her local Goodwill a decade earlier. That blue sweater, with its decorations of a snow-capped mountain, two zebras and stripes, had her name on it. This encounter led Novogratz to realize the interconnectedness of our world, which influences her work today. Doors open at 5:00 p.m. with priority seating for Portico, Jenks and Winston Ambassadors.

**New Spring Elective: Boom, Bust, Austerity: Reading Ireland from The Celtic Tiger to Now (ENGL 4004.01)**

Ireland, in recent decades, has experienced the highs and lows of globalization and monetary crisis. The Celtic Tiger economy was the “fastest growing ... in Europe” from 1995-2005. Three years later, the country officially entered recession, ultimately requiring an €85 billion “bailout” from the EU and IMF. Before long, international news outlets lauded Ireland as “the poster-child for implementing austerity programs.” Is this the typical trajectory for a postcolonial nation still—almost 100 years after emerging from the British Empire—carving out its social and economic position in the new Europe and beyond? This course focuses on recent Irish writers who engage these boom and bust years. It considers how literature represents a period of unprecedented economic, social and cultural transformation. Internship Opportunity: Corcoran Center

The Corcoran Center Summer Internship is a paid, selective summer internship program that aims to promote community development as a catalyst for change in neighborhoods where poverty and marginalization are the most severe. The internship offers the opportunity to gain professional experience in community development and business settings, while also effecting real and tangible change in Boston neighborhoods. Students accepted will be placed with nonprofit organizations, government agencies, and mission-driven firms across Boston, and are entrusted with high levels of responsibility and independence within their organizations. Example placements include the Boston Planning and Development Agency, the Boston Impact Initiative, and Next Street Financial. The Center will also host professional development workshops throughout the summer, which will give students the opportunity to learn tangible and useful skills from experienced professionals. This opportunity is ideal for candidates interested in helping revitalize communities throughout Boston, particularly neighborhoods with historically minority, impoverished, and marginalized populations. The internship is open to current first years, sophomores, and juniors from all schools and majors. Students receive a stipend and are eligible to apply for BC summer housing. Interested students should apply through EagleLink by November 22, 2017. Please direct any questions or comments to corcoran.center@bc.edu.
