New Course for Fall 2017! BSLW 1160: Real Estate, Community Development, and Planning

Thursdays, 3:00 pm - 5:20 pm
The Corcoran Center is offering a new, innovative course this fall in Real Estate, Community Development, and Planning. Taught by Michelle Ciccolo, an experienced professional in planning, development, and local government, this course will help students understand the complex process of master planning, in digestible units on topics ranging from complete streets to regional transportation to how local governments regulate development. Time will also be spent on the history and future of planning and cities in America, and the class will incorporate guest speakers and a field trip. The centerpiece of the course will be an interactive exercise in which students will present their own master plan for a simulated city block to a "city council" of visiting professionals. The Corcoran Center welcomes any questions at corcoran.center@bc.edu!

Not sure which marketing specialty is for you? Struggling to find a summer internship? Nervous about an upcoming interview?

The marketing world is vast and tough to navigate. And even though you may think it’s late there are still many marketing internships available. To help you work through this, Jean Mojo, a part-time faculty member in the Marketing Department with 30 years experience in marketing and advertising, is meeting with students every Thursday to discuss various marketing jobs, what they entail and how to approach applying and interviewing for summer internships. If you’re thinking of going into marketing, are prepping for an interview (or just want to do some brainstorming), come in.

Meetings are for 30 minutes on Thursdays between 11AM and 2PM in Fulton 537. To set a meeting time go to: https://goo.gl/7ztvKM. If you are unavailable on Thursdays and would like another meeting time, contact Prof. Mojo at mojo@bc.edu

Harvard Business School: Summer Venture in Management Program

June 17-23, 2017

The Harvard Business School (HBS) Summer Venture in Management Program (SVMP) is a one-week residential educational program for rising college seniors designed to increase diversity and opportunity in business education. This summer’s program is the 35th anniversary of SVMP. Participants are selected based on academic achievement, demonstrated leadership, and personal characteristics. Consistent with the objective of promoting educational diversity and opportunity in business leadership, additional criteria to be considered among others, are whether the applicant is: The first family member to attend
A member of a group that is currently underrepresented in business schools and corporate America (e.g. African American, Latino, Native American, Lesbian, Gay, Bisexual, or Transgender); From a family with little business education or experience; From a school whose graduates are sometimes underrepresented (e.g. attends a community college as part of a four-year degree or attends a predominantly minority college). See attachment for more information. More information can also be found on EagleLink under the Workshops module. Application deadline is May 3.

International Business Ethics Case Competition
In April 2017, a team of three Boston College juniors - Vincent Rubertone, Audrey Setiadarma, and Claudia Wong - attended the three day International Business Ethics Case Competition held in Santa Monica, California. The IBECC brought together students from across the globe to present a business case in which students explain the legal, financial and ethical dimensions of the problem and then recommend a solution. The case the students analyzed was titled: Unwrapping the Bittersweet Truth Behind Chocolate. There were three rounds of presentations - a 25-minute presentation, a 10-minute presentation on ethics, and a 90-second presentation. The BC team came in second place for the 25-minute presentation and first place for the 10-minute presentation. Congratulations Vincent, Audrey, and Claudia!
