**Apply to be an International Assistant**

What we are offering you is an opportunity to facilitate the adjustment of three or four international students as they arrive at Boston College. Please be aware that it is not at all necessary that you be an international student, speak a foreign language, or have travel experience in order to be an International Assistant. All that we require is a sincere interest and commitment. You will serve as a support, a culture-sharer, and a resource person, on an unstructured, personal basis. In the process, not only will you have the opportunity to learn about your student’s background, but you will also learn more about your own culture in sharing it with others. In addition, unlike other programs designed for freshmen, ours involves a continuing, year-long relationship with your student(s), which often develops into a friendship.

Classes are scheduled to begin next fall on Monday, August 29, 2016. The tentative dates of the **International Student Orientation will be August 23-25** (after session 7 of Freshmen Orientation). Preceding the Orientation on **August 21-23 is an International Assistant Workshop** at which you will be trained in some of the cross-cultural knowledge and skills needed to effectively help your international student(s). Attendance throughout the entire Workshop and Orientation is mandatory and fun!

*If you are interested in the International Assistant Program, please visit our website at:* [http://www.bc.edu/ia](http://www.bc.edu/ia). *The deadline is March 29, 2016.* When you submit your application, you will also need to schedule an interview on line. Please submit your application early as there are limited interview times available. If you have already committed yourself to another program (OL, RA, etc.), please do not apply with us due to conflicting schedules and responsibilities.
