

MACRO PROGRAM

BOSTON COLLEGE  
SCHOOL OF  
SOCIAL WORK

WHERE TRANSFORMATION HAPPENS

### PROGRAM OVERVIEW

Our macro curriculum is the first comprehensive social work graduate program to train social workers to take their places in an entrepreneurial movement incorporating principles of business administration and policy analysis. We are taking a leadership role in this vibrant academic and practice field by developing a program that involves students in courses that promote innovation and provide experiential learning opportunities at human service organizations.

### COURSES + CURRICULA

- Social Innovation
- Financial Management and Human Resource Development
- Leadership and Social Transformation

Detailed course descriptions, requirements, and curriculum plans are available on our website.

### FIELD PLACEMENTS

We offer intensive, experiential field placements at leading human service organizations. Visit our website to see a complete listing of field placement sites and opportunities.

### CENTER FOR SOCIAL INNOVATION (CSI)

CSI is a premier resource for innovation training, support, and research. Visit the Center website to learn more about the CSI programming and initiatives.
