LOCATION OF WORKSHOPS: Sessions will be held on the Chestnut Hill campus as follows: Gasson Hall Room 100 (June 18), The Heights Room in Corcoran Commons (June 19) and the Walsh Hall Function Room (June 25, 26). For campus directions please go to: http://www.bc.edu/content/bc/about/maps.html.

Contact Kellyann Stewart at 617.552.0865 or email: kellyann.stewart@bc.edu with any questions.

PARKING INFORMATION: Parking is available at BC Campus Garage located on Beacon St. Please park on the designated Visitors’ levels only. Take a ticket as you enter. Upon your departure visit the Pay Station near the main entrance to the Garage. Insert your ticket, then pay your designated parking fee amount with a credit card. Finally, insert the card you receive back from the Pay Station at the exit gate. The gate will then lift for you so you can drive out of the garage. Fees: $3.00 per hour. Maximum daily rate: $25.00.

GENERAL ISSUES: Refreshments will be provided; lunches may be purchased in the BC dining halls. We may cancel any session due to insufficient enrollment one week before the event. In such a case we will refund your payment or you may apply it to another session if you wish. If you cancel, refund requests need to be made at least two weeks before an event in order to receive a refund (less a $10 processing fee). If you cancel less than two weeks before an event, we will issue you a full credit you may apply to any future CE workshop.

Session A: Advanced Skills in Motivational Interviewing
Motivational interviewing (MI) is a collaborative goal-oriented method of communication with particular attention to the language of change. This approach to interviewing can be used with a wide range of client problems/diagnoses. Its aim is to strengthen personal motivation for, and commitment to, a change goal by eliciting and exploring the individual’s own arguments for change. This workshop is designed to assist participants who ALREADY have a basic understanding of MI skills such as OARS, rolling with resistance and recognizing/evoking change talk towards committing towards an action plan. We will conduct exercises, role-plays, discussions of cases and demonstrations throughout the day’s training.

Instructor: Greg Plante, Psy.D., Eliot Community Human Services
Thursday, June 18, 9:30-4:45, 7 CEUs
Fee: $100.00

Session B: Effective Approaches in Serving Substance Using Clients
This workshop addresses the challenges of working with substance using and dual diagnosis individuals from a person-centered, strengths-based perspective. It will focus on the various tools of engagement that are useful with ambivalent clients (with an emphasis on implementing motivational interviewing skills). We also will address topics such as relapse issues, recognizing and “rolling with” resistance, maintaining personal boundaries, managing client and practitioner safety, stage-of-change treatment planning and knowledge of treatment options and resources (abstinence, harm-reduction, etc.).

Instructor: Brendan Clarke, LMHC, Eliot Community Human Services
Friday, June 19, 1:30-4:45; 3.5 CEUs
Fee: $50.00

Session C: Trauma Informed Care and Interventions for Children, Youth and Families
This workshop will address strategies for working with children, youth (and families of children/youth) where psychological, sexual or physical trauma has been present. Trauma Informed Care is the cornerstone of best practices service delivery in all programs that provide services to children, youth and families. Trauma and traumatic stress touch the lives of vast numbers of children, youth and families that are served by residential, outpatient and community-based programs. As such, the need for a comprehensive framework for ensuring trauma informed service delivery in these programs is abundantly clear. This workshop provides and overview of evidence-based screening, assessment and interventions in cases involving trauma and complex trauma. Several evidence-based treatment modalities including Attachment Self-Regulation (ARC), Trauma Focused Cognitive Behavioral Therapy (TFCBT), Child Parent Psychotherapy (CPP) will be presented. Practical tools for use in individual, family, group and milieu settings will be learned and practiced during the workshop. Practitioner self-care and vicarious traumatization will also be discussed and explored.
Practical examples, case studies, group activities, audio clips, video and other visual tools will be employed in this interactive multi-media training. We will utilize a detailed PowerPoint presentation, lecture, discussion and active participant engagement as methods to achieve our learning objectives.

**Instructor:** Zane FitzGerald, LICSW and Kelsey Taylor, LMHC, Eliot Community Human Services  
**Thursday, June 25, 9:30-4:45, 7.0 CEUs**  
**Fee:** $100.00

**Session D: Interventions and Skills of Trauma Informed Care with Adult Clients**

Individuals respond to trauma based on a number of factors, including the psychological, emotional, sociocultural, spiritual and familial. This training will concentrate on understanding and applying the evidence-based theories and skills found in the “Triphasic Trauma Therapy Model.” These phases include: strategies for stabilizing and managing the traumatic response; how to assist in processing and grieving traumatic memories; strategies for re-connecting with the world. Case examples will be provided for discussion and you are invited to bring questions from your own clinical practice as well.

**Instructor:** Greg Plante, Psy.D., Eliot Community Human Services  
**Friday, June 26, 9:30-4:45, 7.0 CEUs**  
**Fee:** $100.00

---

**A Unique Program to be Offered this Fall...**

This Fall we at BCSSW will be offering a thirty-hour certificate program on Motivational Interviewing (MI). In addition to the certificate, thirty hours of social work CEUs will be awarded. We expect it will be offered on Wednesday evenings starting in late September. This evidence-based approach to clinical interviewing is designed to achieve successful behavior change for clients. We will provide participants with an in-depth understanding of MI principles including: understanding the dynamics of behavior change, ambivalence/resistance around change, understanding the “stages of change” (and how to assist clients achieve successful and enduring change in their lives). Case studies, videos, role-playing and strategies for applying MI principles in participants’ own cases will also be provided.

Our instructor, Dr. Greg Plante has completed advanced trainings and certifications in Motivational Interviewing and is a member of the highly esteemed Motivational Interviewing Network of Trainers (MINT). We expect this to be a very popular offering. Space will be limited. We are giving registration priority to BCSSW alums. We are working to keep it affordable for our alums. If this interests you and you wish priority consideration please e-mail Kellyann Stewart as soon as possible at Kellyann.Stewart@bc.edu and indicate you are highly interested in enrolling and wish detailed information as soon as it becomes available. A flyer that contains more detailed information will be e-mailed to all BCSSW alums in the area in late June.
REGISTRATION FORM

If you wish to pay by credit card you need to register online. Please go to:
www.bc.edu/swcereg
Then, click “register online” and proceed

You may use this mail-in form below for payments by check.
If you are paying by check, make your check payable to:
Boston College SSW. If you are paying for more than one person with a single check, please make multiple copies of this form and complete one for each person to be registered.
