2015-2016

Secondary Education Minor

The Office for Undergraduate Student Services
Campion Hall 104
(617) 552-4204
The Program

The Lynch School's Secondary Education Minor enables students to combine a liberal arts education and scholarship in a major discipline with professional study and practice. The program is founded on the belief that high school teaching is an important profession, requiring a lifelong commitment to service and professional growth. The program prepares teachers to develop students as knowledgeable, skilled, and caring individuals. This minor prepares teachers who are perceptive and sensitive people, able to communicate well, and are dedicated to the art and science of teaching.

Students from the College of Arts and Sciences who follow a major in Biology (B.S. or B.A.), Chemistry, Geology (Earth Science), Physics, English, History, Mathematics, Latin, foreign language or Classical Humanities are eligible.

Students interested in reviewing their academic program before applying, should stop by Campion 104 to schedule an appointment with an advisor. This program usually begins in the sophomore year. Only those students majoring in the disciplines listed above may apply for the minor. This minor leads to state certification in each area listed and requires successful completion of the Massachusetts Teacher Test for licensure. Information regarding the teacher test is available at www.doe.mass.edu and at www.mtel.nesinc.com. Students who successfully complete the program are eligible for endorsement by Boston College.

In addition to the Arts and Sciences Core courses, each student fulfills a major in his/her teaching subject in the College of Arts and Sciences. The requirements for the teaching subject major are the same as for any College of Arts and Sciences student majoring in that subject.

Requirements for the Secondary Education Minor include 32 courses (96 credits) from the College of Arts and Sciences and eleven courses (33 credits) from the Lynch School. Please note that APSY1031 and APSY2041 (3 credits each) count toward A&S credits and are not included in the 33 credits. The eleven (3 credit) courses are drawn from the Lynch School areas of psychology and philosophy, and strategies for teaching. The 33 credits include one semester (12 credits) of full-time student teaching in senior year and also includes six (one-credit) pre-practica and inquiry seminars. Several courses include field-based components in which the student observes and participates in the classroom and prepares to exercise the abilities he or she will need as a senior in student teaching. Taken together, the professional courses and field experiences help develop skills in communication, instruction, and evaluation. They also provide a forum for examining and strengthening one's sense of equity, as well as one's sensitivity and responsiveness to students in need.

APSY1031, Family, School and Society fulfills the University cultural diversity requirement and APSY2041, Adolescent Psychology, fulfills an A&S elective.
Planning Guide for the Secondary Education Minor

Courses that are required for the Secondary Education Minor include the Arts and Sciences core and Arts and Sciences major requirements in one of the certification areas for the Secondary Education Minor. Please note: students must be officially accepted into the Secondary Education Minor program. An application form is included at the back of this booklet. A minimum grade point average of 3.0 and a record free of academic deficiencies is required to be considered for the Minor. (Note: course numbers previously used are in parentheses after the course title.) The following courses comprise the Minor:

Subject Methods Courses: There are three methods courses that accompany a practicum experience:

- EDUC2211 – Secondary Curriculum and Instruction
- EDUC3323 – Secondary Reading Instruction
- One subject method course depending on a student’s major content area and offered in the fall only prior to full-time student teaching: EDUC6300 Science; EDUC6301 History; EDUC6302 English; EDUC6303 Language; EDUC6304 Mathematics. These courses are taken throughout three semesters, usually in junior/senior year.

The program includes three courses with field-based components prior to a semester of full-time student teaching in a high school. The field-based courses enable students to observe and participate in activities in assigned high schools. A&S students who are concerned about fulfilling the practicum experience should speak with Ms. Melita Malley, Assistant Director, Practicum Experience and Teacher Induction. The following is a brief description of the pre-practicum, inquiry seminar, and student teaching experiences:
Pre-practicum: EDUC2151, 3152, 3153 (3 credits)

- Three semester field requirement (one-credit each), one-day/week is required. Placements are made in selected schools and teaching-related sites. The pre-practicum must be taken concurrently with the subject methods courses mentioned above. In addition, students who plan to study abroad are encouraged to participate in an international pre-practicum.

- Secondary Curriculum and Instruction, EDUC2211, and the first pre-practicum, EDUC2151, will be held at Brighton High School. Students will be part of an authentic “community of learners” and spend the entire day at the school participating in a variety of meaningful and authentic learning activities. Students must keep Thursdays free (approximate time: 7 A.M. to 4:00 P.M.) Detailed information will be provided by the Office of Professional Practice and Induction (Practicum Office), Campion Hall 103.

- All students must APPLY and REGISTER for each practicum. Applications may be obtained online https://htmldbprod.bc.edu/prd/f?p=2200:LOGIN:12421443655455 during the pre-registration period, the semester preceding the pre-practicum Pass/Fail

EDUC2131, 3132, 3133 Inquiry Seminar (3 credits)

Each (one-credit) Inquiry Seminar is taken concurrently with each pre-practicum. The purpose of the Inquiry Seminar is to initiate the student into reflective practice as they think about, develop, and provide instruction during field placements. Inquiry is essential to the students’ fieldwork experience and will become the cornerstone of how students document and reflect about the relationship among teacher learning, student learning, and professional practice across the life span. As one of the five major themes that will pervade students’ coursework and field experiences at the Lynch School of Education, inquiry into the students’ own developing practice will unify the students’ learning and preparation for the professional life as a teacher. The other equally important themes promoting social justice, constructing knowledge, accommodating diversity, and collaborating with others also underlie and inform the Lynch School philosophy of education and the goals and objectives of coursework and field experiences that are part of the preparation as teachers. This seminar will also offer a forum for discussing, documenting, reflecting, and collaborating about the questions, successes, problems, issues, and concerns that arise during the students’ pre-practicum experiences.

EDUC4231 Senior Inquiry Seminar (3 credits)

This (three-credit) capstone seminar, taken concurrently with EDUC4250 Full Practicum, provides students with an opportunity to systematically reflect on their classroom experiences. Students identify a problem related to their field experiences and design and conduct an inquiry project to explore the issue. They will relate it to the relevant literature in the area. Students will experience the role of reflective practitioner, and, as a result, learn how to better address student needs. The class will discuss ways to help diverse students at different developmental levels learn and will explore how to better achieve social justice in the classroom, school, and community.

The Senior Inquiry Seminar will provide a context where teachers can discuss experiences they encounter during the full practicum. It will also help teachers learn how to be teacher researchers by (1) introducing them to different types of research, (2) helping them develop teacher research skills,
and (3) introducing them to ways of creating linkages to a larger group of colleagues. This course is
designed for individuals participating in their full practicum.

**EDUC4250  Secondary Full Practicum (9 credits)**
A semester field experience (300+ clock hours) is required for Arts and Sciences seniors who have a
secondary education minor. Students are assigned five full days per week to senior high schools in the
area or at selected sites overseas or out-of-state. Prerequisites include a 2.5 grade point average, and
successful completion of all necessary courses and pre-practica. **Students registering for EDUC4250
must also register for EDUC4231. The full practicum and Inquiry Seminar equals four courses (12
credits).**

- **IMPORTANT:** There is no room in the schedule for additional courses taken in the Carroll
School of Management, the School of Nursing, or courses in the Lynch School of Education
that are not specifically required for the minor due to credit restrictions.
- **NOTE:** It is the student’s responsibility to compare the program of study *draft* with his/her
degree audit and to abide by all major department requirements and credits needed for
graduation. Changes in the student’s progress or in his/her academic plan, may alter the
program of study.
- **JUNIOR YEAR ABROAD:** It is very important for students who plan to study abroad, to
obtain academic advisement in the sophomore year from Maureen Raymond, Campion 104.
Information sessions are also available for students who wish to experience an international
pre-practicum during one semester. Students in the College of Arts and Sciences must meet
A&S graduation requirements by meeting with their A&S advisor for additional advisement.

**CERTIFICATION:** Questions regarding certification and information regarding the teacher
test: MTEL (Massachusetts Tests for Educator Licensure) can be obtained online at
*Massachusetts Department of Education* www.doe.mass.edu - www.mtel.nesinc.com/

Practicum/Licensure Questions:
http://www.bc.edu/content/bc/schools/lsoe/academics/practicum/licensure.html

**PARKING PERMITS** are distributed by the Practicum Office, Campion 103.
http://www.bc.edu/content/bc/schools/lsoe/academics/practicum/policies/Transportation.html

**To apply for the Secondary Education Minor, complete the application form:**

- Students should make an appointment in Campion Hall 104, for preliminary review.
- Students should declare their A&S major in the appropriate A&S Department. Some disciplines
  (i.e. math, science) have specific course requirements and must be started in freshman year.
  Students should seek advisement from the appropriate A&S advisor.

**SAVE THIS BOOKLET AS A REFERENCE**
