M.S.T. / Secondary Education

CLASS ENTERING 2005

NOTES

* Insert a T (transfer) or W (waiver) as appropriate. If seeking a transfer of credits, you must also fill out a “transfer request form” available online. If requesting a waiver, you must attach an official transcript to this form. Students are strongly discouraged from applying for waivers for the pre-practicum experience. Waivers will only be granted to students with *extensive* teaching experience in the appropriate discipline and at the level of licensure that is sought.

** Candidates seeking an M.S.T. Secondary Education in mathematics and the sciences are required to take a Comprehensive Examination in their A&S content area. Please consult your advisor to register for this examination.

*** Candidates seeking ELL licensure in addition to Secondary Content Area licensure must also take EN 121/SL 323/ED 589 Linguistic Structure of English. If you are seeking licensure in Secondary English, this course counts as one of the required Graduate A&S electives. If you are seeking licensure in an area other than English, this course must be taken *in addition to* the two required Graduate A&S electives. Completing these courses of study does not guarantee licensure. For teaching in Massachusetts, you must pass the Massachusetts Tests for Educator Licensure (MTEL) and apply for licenses from the Massachusetts Department of Education. Other rules apply in other states and countries.

Other ELL notes:

Participants are expected to work with ELL students during the course of study. Consult with your advisor.

Following completion of the requirements for this program, students must pass the Massachusetts Tests for Educator Licensure (MTEL), including the subject matter test for English Language Learners, to apply for ELL licensure.
