TEST-TAKING TIPS AND STRATEGIES

GRE LSAT GMAT MCAT

BOSTON COLLEGE
Why choose BC Test Prep?

Our test preparation courses are taught by seasoned faculty whose primary focus is to incorporate the most efficient test-taking strategies into the curriculum. In addition to the basic proficiencies required for each exam—logical reasoning and reading comprehension as well as verbal and math competency—these courses concentrate on the crucial test-taking skills necessary for exceptional performance on standardized tests.

COURSE MATERIALS
Using materials from GMAC, LSAC, and Cambridge Education Services, the class will review actual past exam questions to familiarize themselves with the typical question types. The instructors then set out strategies for approaching each type of question and for selecting answers from multiple choices.

Both the GRE and GMAT exams are computerized. Students are required to bring a laptop to both the first and the last class in order to take simulated practice exams proctored by instructors. Books will be distributed on the first day of class.

CLASSROOM LOCATION
Classes are held at Boston College’s Chestnut Hill campus. A confirmation e-mail is sent with a map and location in advance of the course start date.

SATISFACTION GUARANTEE
Once enrolled in a BC test prep course, you are able to attend the course again for a $35 registration fee. This offer is valid for one year from the start date of your course.

REFUND POLICY
A refund (less $75 administrative costs) is provided only if a cancellation is requested in writing or by e-mail to sonce@bc.edu four weeks prior to the start of the course. No refunds will be made for cancellations requested after that date or for no-shows.

PARKING
Parking is available in campus parking garages: www.bc.edu/ce
