Boston College Parents' Weekend

Accessible Parking Instructions

FRIDAY

Accessible parking will be available on main campus for those with mobility issues. Please show your state-issued placard to the gate attendant and you will be directed to accessible parking. Those without state-issued placards will be directed to park on the Newton Campus.

Due to the increased traffic on campus for the Pops on the Heights concert, accessible parking may be difficult to find after 4pm. If you are arriving late on Friday, plan to park on the Newton Campus and accessible shuttles will quickly take you to campus and will drop off/pick-up directly in front of Conte Forum (where the concert is held).

SATURDAY

All parking for Saturday's game will be off-campus. Guests with state-issued placards or who have mobility issues may park at 300 Hammond Pond Parkway, a satellite parking lot located off campus.

A shuttle bus will be available every 10 minutes and will drop off guests directly at Conte Forum Gate B. Shuttle service will run continuously three hours before kickoff, during the game, and end two hours after the game ends. Space in this lot is limited.

If you need accessible parking for the football game, please email the Parents' Weekend team at parentsweekend@bc.edu. **Please note that there will be no parking on main campus on Saturday.**

SUNDAY

Campus is open to all. Accessible parking will be available throughout campus.
