

Title: Office of the Dean for Student Development -- Dissemination of Information

Code: 3-200-140

Date: 5-15-92rev

Video Use and Poster Display Policy

For purposes of this policy, **advertising** is defined to include posters, banners, flyers, videos, and sandwich boards.

Advertising may not be displayed on the Boston College campus unless it is sponsored by the University, a registered student organization, or a member of the University community. Authorization to display advertising is required and may be obtained from the Office of the Dean for Student Development.

Each piece of advertising must clearly incorporate on the face of the material the appropriate authorization for its display, as well as the name of the person or group authorized to display it. All advertising to be displayed in McElroy Commons must carry the approval stamp of the Office of the Dean for Student Development. Advertising that does not contain visible identification and authorization will be removed.

Permission to display advertising will not be granted if the material is graphically violent, obscene, or offensive as determined by the Office of the Dean for Student Development.

For additional information on the Video Use and Poster Display policy, including procedural guidelines for securing permission to display advertising, please refer to the current issue of the [BOSTON COLLEGE STUDENT GUIDE](#), published by the Office of the Dean for Student Development.

Information Bins Policy

The information bins in the lobby of McElroy Commons are utilized for the distribution of free printed materials to the Boston College community. Anyone interested in distributing literature through the information bins is to contact the Office of the Dean for Student Development.
