

Handicap Conversion Vans, Inc.
Route 146
Millbury, MA 01527
(508) 865-9973

Handicap Conversion Vans is a small company in Millbury, MA that offers affordable modifications for wheelchair vans.

There are no “bells and whistles”, it is a very simple, rear entry, all manual wheelchair van. (Some boston taxicabs have this modification)

The conversion can be done on a Dodge Caravan or a Toyota Sienna.

The cost: \$6500

It comes with tie-downs, but ez-lock can be installed for an additional cost (well worth it)

The Knights of Columbus offer grants of up to \$7500, although it can be a lot of leg work, letter writing, presenting two quotes, etc.

They also offer other conversions, hand controls, etc.

Nice company to work with.

Very cost-effective transportation solution for people who travel using their wheelchair.
