**PASSWORDS**

Access-on-line passwords must be over 8 characters mixed with alpha and numeric. You cannot use the same password in a twelve month period.

If you forget your US Bank Password, you have 3 chances to input before you are locked out of the website. If locked out please call US Bank:

| Password Resets | 877-887-9260 |

Before this happens, it will be easier, after the second try to enter the “forgot password” field and answer the authentication question you provided when first registering.

Organization Short Name: bc

Authentication Question: Child’s Name

Enter the response to your Authentication Question:
