Altair Management Consultants is a firm in the spirit of a high value-added boutique. The essence of our activity could be defined as "Management Engineers". We have the ability and professional experience to understand the key factors in business management in order to identify the potential value-added areas and manage their effective implementation.

Our clients are top executives and managing directors who require resolving with quality and competence their key agenda topics in strategy, organization, marketing-sales and operations. Our relationship with our clients is based on trust and independence. Trust: always acting according to our clients' interests and with a long-term relationship vision. Independence: our recommendations' contents show the business reality as we see it.

Toyota (NYSE:TM), the world’s top automaker, is committed to building vehicles for the way people live through our Toyota, Lexus and Scion brands. Over the past 50 years, we’ve built more than 25 million cars and trucks in North America, where we operate 14 manufacturing plants and directly employ more than 40,000 people. Our 1,800 North American dealerships sold more than 2.5 million cars and trucks in 2013 - and about 80 percent of all Toyota vehicles sold over the past 20 years are still on the road today. For more information about Toyota, visit www.toyotanewsroom.com.

Venture for America is a fellowship program for recent grads who want to learn how to build a business while making an impact. VFA Fellows get training and join a startup in an emerging US city, where they live and work for two years at one of our hundreds of partner companies. They learn hands-on what it takes to build a company, while getting the mentorship, network, and ongoing support to prepare themselves to become successful entrepreneurs. Our goal is to spark job growth in cities that need it by sending our top talent to help grow the businesses that will make it happen.

As companies of all sizes adopt "cloud infrastructures" they have to think differently about how they manage and control their environment. Our solution is simple: VMTurbo delivers service assurance and infrastructure efficiency for cloud and virtualized environments which is critical to every business. Backed by Bain Capital Ventures, Highland Capital Partners and Globespan Capital, our team has spent the past five years building a revolutionary product that has already helped hundreds of companies re-think the future of their data center and their journey to "the cloud."

Our offering is both unique and dynamic in terms of its compelling capabilities, BUT our success will be dependent on the quality of people we hire! Recruiting the best, retaining them and setting them up for succ...
