Study Abroad

Office of International Programs
Welcome to the Office of International Programs

At the Office of International Programs, our mission is to prepare students for citizenship, service, and leadership in a global society. We are proud of our comprehensive network of more than sixty academic partnerships in over thirty countries worldwide.

Over forty percent of BC undergraduates have an international experience by the time they graduate. Each year about 900 Boston College students from all fields of study participate in study abroad programs during the academic year. Students can enroll in BC-sponsored programs or approved external programs. An additional 250 students participate in our faculty-led summer programs abroad, which are open to all students regardless of class year. Our staff is dedicated to helping each student find the right program.

The Office of International Programs also hosts about 180 international exchange students annually from our partner universities around the world, who contribute to internationalizing our campus in Chestnut Hill.

If you are a BC student and have questions about study abroad, you can find more information by visiting our web site at www.bc.edu/international. Parents should visit our parent web site at www.bc.edu/offices/international/parents.html.

We look forward to welcoming you to Hovey House!
