Preparing for Study Abroad

- Students can maximize their study abroad experience by learning about their host country, its history, and culture. Students may want to go to Encyclopedia Britannica [http://www.britannica.com/](http://www.britannica.com/) for a summary of Uppsala and Sweden. Another useful site is: [www.economist.com/countries](http://www.economist.com/countries). Please refer to the suggested readings and websites provided at the end of this document for additional information.

- Students should know what is happening in the news in their host country by reading the newspaper at: [http://www.thelocal.se/](http://www.thelocal.se/)

- Encountering and adapting to a different culture is an intricate component of studying abroad. Students are strongly encouraged to use the following websites to learn about intercultural communication before you leave home: [http://www.pacific.edu/sis/culture/](http://www.pacific.edu/sis/culture/) and [http://www.peacecorps.gov/wws/educators/enrichment/culturematters/index.html](http://www.peacecorps.gov/wws/educators/enrichment/culturematters/index.html).

- Customs and traditions in Sweden will be different than the ones found in the United States and at Boston College. To learn a little about the local customs and traditions you may want to consider the following questions: What type of government does Sweden have; what are the national sports; what are some of the popular TV shows; who are some of the biggest celebrities in Sweden; what music is currently popular; how do you order food in a pub; what is the policy regarding tipping? In addition, students should review the below site for information regarding Sweden customs and traditions: [http://www.kwintessential.co.uk/resources/global-etiquette/sweden.html](http://www.kwintessential.co.uk/resources/global-etiquette/sweden.html)

- Students and their parents/legal guardian should refer to the Office of International Programs website for more information regarding the abroad experience: [www.bc.edu/international](http://www.bc.edu/international). In addition, all students will be given the Boston College Study Abroad Handbook prior to departure. Students are expected to attend the mandatory pre-departure orientation held at Boston College. At the orientation, students will have a chance to learn more about their host country/city from their advisor and former study abroad students. Finally, additional student and parent information can be found at: [http://www.studyabroad.com/guides/index.html](http://www.studyabroad.com/guides/index.html)

Travel Information

- Students enrolled in Boston College programs make their own flight arrangements, often using student travel agencies such as STA Travel (www.statravel.com). The student agencies generally offer competitive rates. Stockholm International Airport, Arlanda, is just 20 miles south of Uppsala.

  Uppsala will provide additional details regarding arrival.

- Passport: US citizens need a passport to travel to Sweden. Passports must be valid at least six months beyond the estimated return date. Students may apply for a passport at any major US post office, and the process usually takes approximately 6 to 8 weeks to complete. For more information regarding passports, please visit:
  http://travel.state.gov/passport/passport_1738.html

- Residence Permit: A residence permit is required for students during their stay in Sweden, and you must apply for your residence permit with the Swedish Consulate General. This must be done in advance of your expected arrival in Sweden. For further information about applying for a residence permit, please visit:
  http://www.migrationsverket.se/info/153_en.html/ The application is also located on this page.

  Uppsala will provide students with details in their acceptance package.

Academics

Term Dates (estimates)

  Autumn/fall semester: September 2, 2013 – January 19, 2014*

  Spring semester: January 20, 2014 – June 8, 2014

Before both semesters, an orientation is given. Exact TBD, but the orientation is generally a few days before the start of the semester.
Swedish universities do not have a calendar with fixed dates other than for the first and last day of each semester. One can calculate when a given semester will begin according to the following principle: The autumn semester begins on the first Monday that occurs between the dates 28 August-3 September. The semester is then 20 weeks long. The spring semester begins the Monday after the autumn semester finishes, and is 20 weeks long. Each department or programme decides on its own dates for breaks, for instance at Christmas and Easter. There is no real tradition of having longer breaks over these periods as in some other countries. There is no set exam period (due to the fact that one studies courses consecutively and not parallel. http://www.inter.uadm.uu.se/students/incoming/nominated/calendar/

* Student will take exams before the semester ends.

- Course information for Uppsala is available at:  
  http://www.inter.uadm.uu.se/students/incoming/courses-taught-in-english/

In Sweden studies are usually full-time in only one subject or department at a time (i.e. one course lasts a few weeks, ends and another begins) with most semester courses subdivided into sub-courses of varying duration. Exams may be scheduled after each course or at mid-term or at the end of the term or as a combination.

More information regarding course structure and the academic calendar will be given by Uppsala University.

- Boston College course approval information will be found at:  
  http://www.bc.edu/offices/international/academics/courseapproval.html

- Information about transcripts and grades is available at:

### Housing

- All housing costs are paid by students directly to their place of residence in Uppsala. Students have the choice of living in several housing options. On the housing application enclosed with your acceptance letter, you will be asked to indicate which option you prefer. Information on both housing options is given in the International Student Guide, enclosed with your acceptance letter. As an exchange student, housing will be arranged for students, but it is very important that student return the housing form by the date indicated.
