Preparing for Study Abroad

- Students can maximize their study abroad experience by learning about their host country, its history, and culture. Students may want to go to Encyclopedia Britannica [http://www.britannica.com/] for a summary of Lancaster and the United Kingdom. Another useful site is: [www.economist.com/countries](http://www.economist.com/countries). Please refer to the suggested readings and websites provided at the end of this document for additional information.

- Students should know what is happening in the news in their host country by reading the local newspaper at: [http://www.lancasterguardian.co.uk/](http://www.lancasterguardian.co.uk/)

- Encountering and adapting to a different culture is an intricate component of studying abroad. Students are strongly encouraged to use the following websites to learn about intercultural communication before you leave home: [http://www.pacific.edu/sis/culture/](http://www.pacific.edu/sis/culture/) and [http://www.peacecorps.gov/wws/educators/enrichment/culturematters/index.html](http://www.peacecorps.gov/wws/educators/enrichment/culturematters/index.html).

- Customs and traditions in Great Britain will be different than the ones found in the United States and at Boston College. To learn a little about the local customs and traditions you may want to consider the following questions: What type of government does Great Britain have; who is the Prime Minister; what are the national sports; what are some of the popular TV shows; who are some of the biggest celebrities in Great Britain; what music is currently popular; how do you order food in a pub; what is the policy regarding tipping? In addition, students should review the below site for information regarding British customs and traditions: [http://www.kwintessential.co.uk/resources/global-etiquette/UK.html](http://www.kwintessential.co.uk/resources/global-etiquette/UK.html)

- Students and their parents/legal guardian should refer to the Office of International Programs website for more information regarding the abroad experience: [www.bc.edu/international](http://www.bc.edu/international). In addition, all students will be given the Boston College Study Abroad Handbook prior to departure. Students are expected to attend the mandatory pre-departure orientation held at Boston College. At the orientation, students will have a chance to learn more about their host country/city from their advisor and former study abroad students. Finally, additional student and parent information can be found at: [http://www.studyabroad.com/guides/index.html](http://www.studyabroad.com/guides/index.html)

Travel Information
- Students are responsible for making their own travel arrangements. There are numerous travel sites that can aid students in finding flights. STA Travel is popular among students (www.statravel.com). Please note that students traveling to Great Britain must have a returned flight booked as part of the United Kingdom’s immigration policies.

- From Manchester Airport, there are trains that run directly to Lancaster from the airport train station (non-direct trains will connect either in central Manchester or Preston). For train times and fares, please visit, www.nationalrail.co.uk/. From the Lancaster train station, students should take a taxi to the University and asked to be dropped off at their college.

Lancaster will provide additional details regarding arrival and orientation.

- Passports: Students traveling to Great Britain need to have a valid passport that will not expire while abroad. Passports should be valid for at least 6 months after the last day in Great Britain. Students can find more information about passports here: http://travel.state.gov/passport/passport_1738.html

- Visa Information: The below information has been compiled from multiple sources. It is meant to work as a guide for students. There are two routes to enter Great Britain: as a Student Visitor or on a Tier 4 (General) Student Visa.

For the most up-to-date information, students should use the information contained on these websites:

  - Home Office: UK Border Agency: http://www.ukba.homeoffice.gov.uk/studyingintheuk/ The two most relevant links are under, “Adult Students” and/or, “Student Visitors.”

  - Worldbridge Service: https://www.visainfoservices.com/Pages/Content.aspx?tag=Welcome_Page
Worldbridge is the official company which handles all visa inquires. Students should contact Worldbridge for any visa inquires and not the British Consulate (s). The Consulates contact all questions out to Worldbridge
Student should carefully read all documents sent to them by Lancaster. Failure to properly follow the directions will result in delays in processing visas or lead to entry denial into the U.K.

- **Student Visitors:** The Student Visitor status applies only to students studying in Great Britain for 6 months or less. The exception is if a student intends to volunteer, work or complete a pre-practicum or practicum abroad or if a student flies to Great Britain through the Republic of Ireland, the student will need to apply for a Tier 4 (General) Student Visa (information provided below). Student Visitors do not need to complete any application prior to leaving for Great Britain. Student Visitors will enter Great Britain and have their passports stamped accordingly. Students do need to provide the following documents and information upon arrival in Great Britain:
  - Valid Passport
  - Proof that you have an unconditional acceptance for your course at Lancaster. This will be provided by Lancaster.
  - Boston College tuition support letter. This will be provided by BC OIP.
  - Maintenance funds. Maintenance funds are original bank statements in the student’s or the parent’s/guardian’s name. The funds must demonstrate that a specific amount of money is available to the student for the duration of their time abroad. Lancaster students need to show at least 800 British pounds per month abroad. Financial aid, scholarships and loans can be used as well. All documents must be in the student’s or the parent’s/guardian’s name and must be on original documents (no web sites, PDFs, etc.). Joint accounts can be used. These amounts must be held in the bank account for a minimum period of 28 days. The end of that 28 day period must not be more than one month before the date of your application, for which you must show bank statements/other evidence. Finally, students must write on the documents how much the dollar amount is in pounds. Students must use the following site to convert dollars into pounds: [www.oanda.com](http://www.oanda.com). If a student chooses to use their parent/guardians funds as proof the following specified original legal documentation (or a notarized copy) establishing the relationship must be provided with the application, which must include one of:
    - The applicant's birth certificate, showing name of the parent(s) showing the funds
    - Certificate of adoption showing the name of the student and the parent(s) showing the funds
    - Court document stating the name of the legal guardian(s) of the named student showing the funds
  - Evidence that the student intends to leave Great Britain after the semester is over (return airline ticket).

- **Tier 4 (General) Student Visa:** Students who wish to stay in Great Britain for more than 6 months or intend to work, intern (including practicum and pre-practicum students), volunteer or fly through the Republic of Ireland, will need to obtain a Tier 4 (General) Student Visa prior to entering Great Britain. Students who need to obtain a Tier 4 (General) Student Visa will complete the application process before leaving.

Students will have a single room with a washbasin and the rooms are grouped around communal kitchens; some rooms have en-suite (private) bathroom facilities. All rooms have telephones, and students are billed individually for their calls. All rooms also have computer data points for network and internet access.

Students who receive university housing will sign a Housing Contract with Lancaster (similar to a lease). For Spring and Full Year students, if exams are over in the early part of the examination period students will still be responsible for paying the rent on the end of the examination period.
