- Engaging with and adapting to a different culture is an inherent component of study abroad. You may find the following websites useful to learn about intercultural communication before you leave home: [http://www.pacific.edu/sis/culture/](http://www.pacific.edu/sis/culture/) and [http://www.peacecorps.gov/wws/educators/enrichment/culturematters/index.html](http://www.peacecorps.gov/wws/educators/enrichment/culturematters/index.html)

- Customs and traditions in your host country are different from those at home. To learn a little about the local customs and traditions you may want to visit the following websites: [http://www.otstrasbourg.fr/rubrique.php?id_rubrique=23&lang=en](http://www.otstrasbourg.fr/rubrique.php?id_rubrique=23&lang=en) and [http://www.kwintessential.co.uk/resources/global-etiquette/france-country-profile.html](http://www.kwintessential.co.uk/resources/global-etiquette/france-country-profile.html)

- You and your parents should refer to the Office of International Programs website ([www.bc.edu/international](http://www.bc.edu/international)) and specifically to the Study Abroad Handbook for more information regarding the abroad experience.

- Prior to your departure you will meet with your International Study Advisor at an orientation to help you further prepare for your study abroad experience.

Travel Information
The on-site coordinator, Susan Witkowski, will welcome students living in apartments at the Airport or the Hilton stop. The arrival date for the Fall 2010 semester is September 1st. If you are living in a homestay, your host family will meet you at the airport or train station of Hilton Hotel Lufthansa bus stop. If for some reason you arrive on an earlier day, you will need to make your own arrangements from the airport and it will also be your responsibility to set up your own accommodations for the earlier nights. Students should not arrive in Strasbourg later than the designated arrival date. Please send your flight itinerary to Susan Witkowski at smwitkowski@yahoo.com (and to your host family if you are in a homestay) at least 4 weeks prior to your arrival. Students should contact Susan to determine the best way to meet up with the group if they do not plan to be met at the airport.

Passport/Visa Information
- The French government is instituting a new visa application procedure this year. As a result, all students planning to study in France will be required to register with CampusFrance, (www.usa.campusfrance.org) a new organization housed in the French Embassy in Washington D.C. This will begin the student visa process.
- You will need to apply for a visa in person at the nearest French Consulate. You will need all your forms stating that you have been accepted by the French University you will be attending.
- To locate the appropriate consular office and the required student visa documents, you should contact the Boston Consulate General of France at (617) 542-7374 or look on the web http://www.consulfrance-boston.org/. Start this process as soon as possible as it sometimes takes several weeks to gather the necessary documents. Please refer to the French consulate web site for the most up-to-date information on obtaining a student visa.

**Housing**

- Students studying in Strasbourg for one semester will live with a host family in the city center, to be arranged for the students by the on-site coordinator. Students going for the full academic year may choose between a homestay or a student apartment, also to be arranged by the on-site coordinator. Housing arrangements will differ in details and amenities. It is important that students know that although housing accommodations are carefully chosen, living conditions are different in France than in the US.

- **Homestays:**
  In homestays you live with French families in the city center. They have daily continental breakfast with their families as well as 4 evening meals, usually Monday through Thursday. These can be traditional families, single parent homes, empty-nesters, or young professionals. They enjoy the company of international students and seek discussion and the exchange of ideas. You must be attentive to differences in lifestyle and consumption (see remarks above.) The homestays are an excellent means of developing insight into French culture.

- **Apartments:**
  These are shared facilities with French and/or other international students. There are very rarely living rooms in shared apartments, it is uncommon to have more than basic kitchen facilities, hot water for showers is limited, washing is done at the Laundromat, housing is not on campus grounds but is most often in buildings shared with other students or French residents. This must be kept in mind regarding noise and discretion in general. Students cannot host parties in their rooms. Electricity costs are much higher in Europe and students must not waste by overheating, heating when away longer than a weekend, leaving lights on when absent etc. If students use more than the average calculated electricity by incautious use; such as heating with windows open and the above, the extra bill will be charged to students directly. No meals are included in the apartment living arrangement. You will receive a monthly meal stipend from the on-site coordinator.

- Additional information about the estimated cost of housing may be found at:
  http://www.bc.edu/offices/international/meta-elements/pdf/0910_estimated_stude.pdf

- Local transportation: Strasbourg is a walking/bicycle riding friendly city. Most students will either walk or take a bus around the city.

- BC-sponsored activities: The IEP organizes activities for international students so as to encourage integration with French students. These include visits to the city, exchanges with French students, day trips, Happy Hours, etc. Boston College offers one weekend trip in France each semester in addition to group meals and cultural activities available in
Strasbourg. Students receive the “Le Strassbuch” a student guide book published by the EMS as well Guide Culturel from the Université de Strasbourg upon enrollment.

- Cell phones: The on-site coordinator will assist you with this process once you are in Strasbourg. You will be able to purchase a plan where you can add minutes as necessary.

  - All students MUST pay for health insurance in Strasbourg (which is approximately 195€ for both the semester or the academic year). This basic insurance covers hospitalization fees, 65% medications and 70% doctor fees according to the basic rate. You will complete the paper work for this insurance at upon your arrival in Strasbourg. The health insurance structure and sign-up process will be explained during orientation. Students will receive and orientation package with lists of doctors, vocabulary, and information on medical emergency procedures as well as a guide book, “Window to Strasbourg” with practical tips for new residents.
