Preparing for Study Abroad

• To maximize your study abroad experience, you should prepare yourself by learning about your host country, its history, and culture. You may want to begin with: www.economist.com/countries or http://www.britannica.com/ for a summary.

Know what is happening in the news in your host city by reading the local newspaper, The Irish Times at: www.irish-times.com

• Engaging with and adapting to a different culture is an inherent component of study abroad. You will find the following websites useful to learn about intercultural communication before you leave home: http://www.pacific.edu/sis/culture/ and http://www.peacecorps.gov/wws/educators/enrichment/culturematters/index.html

• Customs and traditions in your host country are different from those at home. To learn a little about the local customs and traditions you should visit the following website: http://www.britannica.com/EBchecked/topic/293754/Ireland

• You and your parents should refer to the Office of International Programs website (www.bc.edu/international) and specifically to the Study Abroad Handbook for more information regarding the abroad experience.

• Prior to your departure you will meet with your International Study Advisor at an orientation to help you further prepare for your study abroad experience.

Travel Information

• You are responsible for making your own travel arrangements. In the past BC students have often used student travel agencies such as STA Travel at www.statravel.com. These agencies generally offer competitive rates and open-ended tickets allowing you to leave Ireland whenever you want to.
To study in Ireland, you must have a passport that is valid for at least six months beyond your estimated return date. You may apply for a passport at any major US post office. Be sure to start this process as soon as possible as it usually takes six to eight weeks to complete.

• Upon arrival in Ireland you must also have a letter of admission from University College Dublin (UCD) and a letter from a parent or guardian guaranteeing the amount of funds available annually to support you in there. Without proper documentation you may have difficulty getting through customs. When you are admitted by the Irish Immigration Officers your passport will be computer-swiped and date stamped; you will have to register with the local Immigration Office within one month of that date. There is a 150 € charge for registration with the Immigration Office. Representatives of the Aliens Office will contact the University shortly after the start of term to facilitate registration for all international students. To register with immigration you will be required to produce the following: application form provided by UCD; valid US passport; UCD student ID card; and evidence of financial support. You will find more information at: http://www.ucd.ie/international/pdf_files/GNIBreg0910.pdf

• The acceptable form of financial evidence is generally considered to be an Irish bank statement (your name and address must be on it) showing funds of at least 500 € per month of your stay. The UCD International Office will advise you about this; however, if you need to open an Irish Bank account you will need proof of residence in the US (driver’s license), an address in Ireland (letter from UCD’s International Office), and a valid US passport.

• Vaccinations are not required for U.S. citizens.

• Plan to fly into Dublin Airport. All flights leave the U.S. in the evening and arrive in Dublin at approximately 7 am. From the airport the easiest thing to do is to take a taxi to your accommodations. Alternatively, Aircoach or Dublin Bus will take you from the airport into city center inexpensively and take a taxi from there. Check the website: www.buseireann.ie for local information. Once you arrive in Dublin, Leeann Lane will meet with all of the BC students and help you get to know each other.

• Be sure to let Leeann know well before the start of the semester if you will be looking for off-campus accommodations and she will book temporary housing for you at a nearby hostel. If you prefer booking your own temporary housing in a hostel or B&B via the web, you may want to look at: www.ireland.com/services.htm. Don’t forget to send your contact information abroad to OIP once you’re settled.
