Dear Admitted Student,

On behalf of the Graduate Management Association (GMA) at the Carroll School, we would like to congratulate you on your admission to Boston College! We are thrilled to be among the first students to contact you as an accepted student and we are looking forward to welcoming you into the BC community.

The GMA is the elected graduate student body of the Carroll School of Management at Boston College. We act as the link between Boston College MBA, MSF, MSA, and PhD students and the BC administration. Our mission is to enhance the professional, academic, and social graduate student experience through club activities, programming recommendations, and social events. Put more plainly, we seek to fill the gap between where classroom learning ends and where students’ expectations of the complete “graduate school experience” begin. We work closely with the administration to build the community and visibility of the graduate programs and to bring employers and career opportunities to the student body. We bring graduate students together to increase their network and promote a sense of community.

The GMA sponsors and advises a wide range of student-run clubs at the Carroll School. Students are invited to take part in activities and meetings organized by the Consulting Club, Graduate Finance Association, Graduate Marketing Club, Graduate Technology Club, Graduate Women in Business, Invest In Kids, and Net Impact. Among other activities, these clubs host guest speakers, build technical skills, explore career options, prepare students to perform well in interviews, and expose students to insights from industry experts and thought leaders. To learn more about the GMA and the clubs we sponsor, feel free to visit our website at www.bcgsma.com.

Once again, congratulations on your admission to Boston College. We look forward to meeting you over the coming weeks and months!

Sincerely,

Michael Puopolo, President
Jeremy Ferguson, Treasurer
Sarah Klopfer, VP of Career Development
Victoria Nguyen, VP of Clubs
Joshua Goldberg, VP of Networking
Randall Wacker, VP of Social Affairs
