**Conversation Partner Position for the Office of Health Promotion**

**The Office of Health Promotion:** The Office of Health Promotion seeks to educate students on the lifelong benefits of maintaining a healthy and well-balanced lifestyle; to empower students to make informed decisions and develop skills that enhance well-being; to foster a campus environment in which students thrive intellectually, spiritually, socially and physically by developing collaborative, cross university relationships and educational outreach guided by our unique Catholic/Jesuit mission.

**Purpose:** Facilitate individual conversations with students during screening events on alcohol, sleep and general wellness, discuss their results, and offer resources based on their individual needs.

**Benefits:**
- Opportunity to develop one-on-one skills, as well as strengthen and enhance current skills
- Professional development, including training in Motivational Interviewing techniques and Screening, Brief Intervention, and Referral to Treatment (SBIRT)
- Networking Opportunities
- Food and giveaways provided at each screening event
- Be part of an exciting team of health professionals
- Make a difference on the Boston College campus

**Compensation:** Conversation partners are paid $14/hour.

**Qualifications:** Enrollment in a Boston College Master’s graduate program. No experience necessary to apply as we provide volunteers with training to facilitate these conversations.

**Expectations:**
- Participate in SBIRT, Motivational Interviewing, and Conversation Partner training at the beginning of the academic year
- Have both daytime and nighttime availability to staff large and small screening events throughout the year, approximately ten per academic year
- Participate in professional development sessions throughout the academic year
