About Boston College and the Office of Residential Life

Boston College is a Division One university with approximately 9,100 undergraduate students (7,600 residential), located on 118 acres in Chestnut Hill, Massachusetts, a beautiful suburb seven miles from the center of Boston. Founded by the Society of Jesus in 1863, Boston College has strong Roman Catholic educational values, which are used as a foundation for our work with and care for students.

The Office of Residential Life strives to create a safe and welcoming environment for all students by engaging our residents on topics related to diversity and inclusion, faith and spirituality, responsible social activities, and academics. Under the leadership of the Associate Vice President, Director of Residential Education, and Director of Operations, the department consists of 40 professional staff members, 23 graduate assistants, 192 RAs, and additional student employees.

Members of the Boston College Residential Life Staff serve a University which embodies the Jesuit, Catholic tradition and seeks to promote the values that this tradition represents. As staff members, we are charged with furthering those goals by fulfilling the terms of this agreement and by maintaining at all times exemplary standards of personal and professional conduct. By personal example, Graduate Assistants strive to create safe and inclusive environments for all students by living, reflecting, and expressing the values of a Jesuit and Catholic institution, as defined by the teachings of the Catholic Church with a special commitment to cultural diversity and social justice.

Position Overview

The Programming Graduate Assistant (PGA) is a live-off, 20 hour per week graduate assistantship for full-time enrolled graduate students. Programming Graduate Assistants (PGAs) are an integral part of the First Year programming and engagement model; intended to spearhead and coordinate programming efforts within the community, build strong, formational residential communities in the residence halls, and encourage the leadership development of the Residence Hall Councils (RHC), RA Staff, and residents.

Specifically, PGAs manage programmatic efforts of the Resident Assistant staff, ensuring each staff member fulfills their programming requirements, overseeing data collection and assessment, and assisting RAs with program planning. Under the supervision of a full-time Resident Director (RD), PGAs are responsible for advising RHC, assisting in the training and development of the RA staff, coordinating small and large scale programming both individually and in collaboration with RAs, RHC, and other PGAs, facilitating conversation groups focused on the theme of transition for first-year students, and acting as a mentoring presence in the residence hall community. Please note that several aspects of the PGA expectations will occur in the evening hours.

While the PGA role’s focus is on formation, programing, and leadership development, as an assistantship within the Office of Residential Life, the PGA may be called upon to assist with additional projects and tasks as designated by their supervisor or the Assistant Director for the First Year Area.
