ADDITIONAL FEATURES

In addition to the insurance benefits, the following features are included with your participation in the Basic and/or Supplemental Life plans.

Portability. If you terminate employment, are no longer eligible for coverage, or retire, you may take your Term Life Insurance with you. The portable coverage amount is limited to a minimum of \$10,000 and a maximum of the lesser of your current coverage or \$500,000 (including both Basic and Supplemental Life coverage).

Conversion. If your insurance ends or reduces, you may be eligible to convert your Life Insurance to an individual life insurance policy within 60 days of your termination or reduction in coverage (e.g., if Portability is not available due to limitations).

Accelerated Benefit (AB). If you have a terminal illness with a life expectancy of no longer than 24 months, the group policy will pay, while you're still alive, up to 75% of your Term Life Insurance benefit, with a minimum of \$5,000 and a maximum of \$500,000 (combined Basic Term and Supplemental Term coverage). This benefit can help with expenses not covered by your medical plan, pay other bills, enable you to visit relatives and help you get your affairs in order. It pays an advance benefit and ensures that your beneficiary will receive the rest of the life insurance benefit upon your death. The accelerated benefit may be requested only once. Normally it is not subject to federal income tax.

If coverage becomes effective and you become insured, you will receive a group insurance certificate containing a detailed description of the insurance coverage including the definitions, exclusions, limitations, reduction and terminating events. The controlling provisions will be in the *group policy*. Neither the information presented in this document nor the certificate modifies the group policy or the insurance coverage in any way.

Beneficiary Financial Counseling. This service provides financial counseling to beneficiaries or individuals who receive an accelerated benefit. The service provides:

- Access to financial advisors at StanCorp Investment Advisers (SIA) who are available to answer general financial questions, prepare a personalized financial plan and provide investment information.

These services are available and provided for the first 12 months after the beneficiary or recipient of the accelerated benefit receives his/her benefit payment.
