

Filtering Aquatics Calendar

If you want to filter the Aquatics Center calendar lane by lane to see which lanes are busy on particular days or at certain time(s), follow the instructions below!

1. Visit the [Facility Schedule](#) on our [member portal](#).

Aquatics Center Calendar
(filter by lane on top)

2. Click on the section that says “All Facilities” (under “Facility Schedule)

Additional Notes

- The default view will be “All Facilities”, which includes our competition pool, lap pool, and the spa.
 - If you notice “Busy” on the default view, it does not mean that all lanes are fully occupied with a prior event/space request/reservation.
- Some events may take up the entire Aquatics Center, and typically those times of *full closure* will be noted on the [hours section of our website](#).
- Note that while we try to update the lane availability ASAP, extenuating or unforeseen circumstances may result in one or more lanes or pools being occupied or closed.
- Lanes are all first come, first served and are not reservable. Space is available for members/guests as capacity allows.
- For information on specific rules and policies, please visit [our website](#).
- Lifeguards on duty are responsible for all Aquatics Center activities and have the authority to suspend Aquatics Center privileges. All participants must comply with lifeguard enforcement.
