Cannot See Program Times

If you cannot see the times of program offerings (as in the photo above), try the following steps:

1. Ensure that you are on the member portal webpage

2. Press the F12 key on your keyboard

3. This will pull up the “Developer Tools” menu on the right side of your screen

4. Right click on the REFRESH button (↻) on the top left of your window
5. Select “Empty Cache and Hard Reload” (highlighted above).
   a. The webpage will reload after a few seconds!

6. You should not be able to see the times in program offerings!
