Intended Audience

This guide is designed for students who want to perform What If degree audits or Declared Program degree audits.

**NOTE:** Department Administrators only have the ability to look up and view a student’s degree audit that they are authorized to view.

Help and Support

If you have an issue or require access to EagleApps, please open a help ticket using the EagleApps Help/Incident Request Form, and production support/subject matter experts will contact you directly and also set up time with you (if that helps). Below you will find the relevant links for help and support of EagleApps.

<table>
<thead>
<tr>
<th>Form</th>
<th>Purpose</th>
<th>Who Should Use These Forms</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>EagleApps Help/Incident Request</strong></td>
<td>This form is to be used to submit application or data issues encountered when using any of the EagleApps Modules, including Enrollment (CMCO), Student Accounts, Institutional Awards, or Financial Aid.</td>
<td>Only those users who actively use EagleApps and have an EagleApps account.</td>
</tr>
<tr>
<td><strong>Student Services Systems Access Request</strong></td>
<td>This form should be used to submit requests for access to any of the applications and data supported by Student Services.</td>
<td>Boston College Community/Public that are authorized to use these applications per their job requirements and duties. These users must also be approved by the respective business owners of each application to ensure they have the clearance to view and/or modify the corresponding data.</td>
</tr>
</tbody>
</table>

Accessing the Degree Audit Module

1. Sign in to the Agora Portal using your BC credentials
2. Select the **EA Degree Audit** link to open the **Request an Audit** page.
Types of Degree Audits
You can run two different types of degree audits:

- **Declared Program** – Provides an at-a-glance view of the courses you have completed versus the courses you need to complete in order to fulfill your declared program’s course requirements.
- **What If** – Select this option to see the course requirements for a completely different program. You can also select this option to view the course requirements for a different major or minor. **NOTE:** Running a What If Degree Audit does **NOT** affect your current program. Department Administrators **CANNOT** view or request a What If Degree Audit. If you want to discuss your degree audit with your advisor, you can provide a printed PDF version.

Request an Audit on a Declared Program
1. Select the arrow next to **Run Declared Programs** to expand the view for your degree program.
2. Click **Run Declared Programs**. The course requirements and completed courses for your declared program will display.
The following example shows the degree audit results for a declared program.

- Click **View Audit** to view additional details about your audit results.
- Click **Run Audit** to run a new degree audit.
- Click **Delete** to delete the selected audit.

**Request a What If Degree Audit**

1. Click the down arrow next to **Select a Different Program** to expand the selections.
2. You can select a What If program from the **Program** drop-down menu, then click **Run Different Program**. Or you can add a What If Major or Minor by clicking the **Major** or **Minor** button, then click **Run Different Program**.
3. After you click **Run Different Program**, you will see a message informing you that your audit is loading. The audit results are displayed.
Select From: List and And Statements
The following example shows the What If audit results for a Communication program of studies. Note that the default results only display the top-level results for each category.
AT LEAST ONE REQUIREMENT HAS NOT BEEN SATISFIED
This is a filtered audit.

For issues with your record contact Sarah Richardson

Legend
- Complete
- Planned
- In Progress
- Not Used

------------------ END OF ANALYSIS ------------------
• To view results for all sections, click **Open All Sections**.
• To collapse the results for all sections, click **Close All Sections**.
• To print your audit results, click **Printer Friendly**.
• Click the **Request Audit** button to request a new degree audit.

To view results for one section, click the right arrow next to that section. In the following example, selecting the checkbox next to **Communications Major** displays the course requirements that need to be fulfilled for that program.

Asterisks are wildcards. In the following example, asterisks indicate that only courses beginning with **COMM** will satisfy that particular course requirement.
The following degree audit example shows a completed set and a required set of Chemistry courses for a Chemistry Major. Note that the four-character course code is not repeated for each Chemistry course (indicated with the red arrow).

Select From: OR'd Requirements

The following Environmental Health degree audit example displays a list of required courses that also includes choices for completing your course requirements, such as Theme I: Food & Water Sustainability or Environmental Health.
The Legend at the bottom of the screen indicates the status of each course requirement.

<table>
<thead>
<tr>

<tr>
<td>🔴</td>
<td>Course requirement is NOT fulfilled.</td>
</tr>
<tr>
<td>⏳</td>
<td>Course requirement is currently in progress.</td>
</tr>
<tr>
<td>📅</td>
<td>Course requirement is planned, but is not fulfilled.</td>
</tr>
</tbody>
</table>

Declared Program and What If Degree Audit Results

The following example shows audit results for both declared and “what if” programs. Results include:

- Program ID for the selected degree audit
- Institution (Boston College)
- Program – Click the link to view additional details about a selected program.
- Catalog Year – Lists the Catalog Year for the audit.
- Date that the degree audit was created.
- Audit Type – Either Declared Program or What If
- Name of the person who ran the degree audit
- Course Type
- View – Click the link to view additional details about the selected audit.
Request PDF Version of Degree Audit

Advanced Settings allows you to create a Degree Audit PDF that can be shared with your advisor.

To create a Degree Audit PDF:

1. Select the Advanced Settings link.
2. Select PDF from the drop-down menu.
3. Select RunDeclared Program.

NOTE: Department Administrators can only view a Degree Audit request in PDF format.
