

BOSTON COLLEGE

Please read before accessing the online BC Financial Aid Application:

- In order to start the application, you will have to create an account (upper right portion of website). You can use any email address; however, when creating a password **do not** use any password associated with your other Boston College credentials. This account is hosted by a third-party vendor, and if you need to share this account password with your parent/guardian, it is important that you are not using your BC password(s).
- Numerical values in this application (income, assets, etc.) should be reported to the nearest whole dollar amount without dollar signs or decimal characters. Do not include cents as a part of the number. For example, if the amount is \$1,934.21, it should be reported in the application as 1934.
- You are able to save your progress and log back into your account at a later time. You can also share your log in information to allow access to your parent(s)/guardian(s).
- Only one certification (signature) is required for this application.
- You can only submit this application once. At the end of the application, you are able to print a copy. We suggest reviewing the information prior to hitting the submit button. It is also advised to save a copy of this application for your records.
