and use it for all of your classes.

Make a Name Card for your in-person classes

Stokes Hall:

Devlin Hall: admissions lounge

Looking for a place on campus to attend your online courses?

This year students can only attend classes for which they are officially registered. You can drop/add courses through the September 11th deadline, but cannot sit in on classes (in person or virtually) unless you are registered for the class.

Drop/Add changes

All staff advisors (academic and career) will be using Navigate to book advising appointments.

The name card contest is open for students to design and submit their own name cards. Making your own name card will make it easier for students to identify each other in person.
