Monday, May 3

APSC hosts PDF Presentations

Join us on Thursday, May 6 from 12-1p in the Academic Center event-150 to hear from former BOSTON COLLEGE 1990 graduate and current Global Foundry, Inc. engineer, Jeffery Li. Jeffery will discuss his path through college and the electronics industry. RSVP at this link. A Zoom link will follow.

Tuesday, May 4

DANCE with an Entrepreneur: Margaret Gould Stewart, Vice President, Human Design & Responsible Innovation, Facebook

Zoom with an Entrepreneur: Margaret Gould Stewart is Vice President of Product Design & Responsible Innovation at Facebook. Margaret was instrumental in helping Facebook transition into a more mature and responsible company, and continues to lead the charge in areas like accessibility, diversity, and safety. In this free virtual fireside chat, Margaret will share her journey into the tech world, and answer questions from attendees.

Friday, May 7

Hart House studies day

Please join us for a virtual Hart House Studies Day that will give you a glimpse of the sorts of courses you can take at Hart House next year. The day will consist of five virtual sessions, each of which will last 15 minutes. You can attend as many sessions as you wish.

Monday, May 10

2021 Spring Info Sessions

One-on-one advising sessions will be available across all program areas. Attendees will meet with a program advisor who can answer questions about your interests, registration planning, and how to set yourself up for success.
