THURSDAY, APRIL 12

Design Thinking Workshop with Suzanne Hamill
6:00-8:00 pm in Cushing 208
Join Suzanne Hamill at this Design Thinking Workshop! Inventors like Thomas Edison and Steve Jobs were quintessential innovators who used a problem-solving process called “design thinking” to revolutionize entire industries and establish an enviable competitive advantage for their companies. Focused on listening, user empathy, whole-brain thinking, collaboration, and experimentation, design thinking can be applied in any field—from architecture and design to healthcare and product development to
urban planning and beyond. This intensive two-hour program delves into the fundamentals of this creative approach by immersing you in dynamic discussions, relevant readings, and team exercises. As you put your knowledge to work in several design challenges, you’ll learn how to harness the power of design thinking to create a path to innovation, unveil new possibilities, and make a greater contribution to your organization’s future success. Register here to reserve a spot.

Drinks will be available. Please RSVP if you are attending to Ms. Maureen Chancey (chancey@bc.edu) 617-552-3940

**Finance Registration**

As we prepare for registration, the Finance Department is committed to addressing every student's need and situation as best as possible and in as timely a manner as possible. Since finance classes are in very high demand and registration time slots are randomly assigned by the University, the Department administrators in Fulton 330 manage the official waitlist for all finance classes once they have closed. As sections fill up, the department does its due diligence by checking degree audits to, for example, ensure pre-requisites are met and avoid duplicate registration. Students are encouraged to stop by the Finance Department to be placed on the official waitlist once their pick time has passed and the class is closed. We remind students to register for any open section of a class at their pick time if the class is needed. Finance professors do not keep separate waitlists; the official waitlist is kept by the finance department administrators.

The Finance Department’s doors are always open to any student who has questions about courses or registration. Our hours are M-F from 9-5pm in Fulton 330. Students are also welcome to email Sandra Howe (sandra.howe@bc.edu) or Kasey Preskenis (preskenk@bc.edu) with any questions.

**Announcing: A New Concentration - Accounting for Finance and Consulting**

The Accounting Department is launching its revamped concentration, Accounting for Finance and Consulting, this fall. Students who are seeking jobs in financial services or management consulting might consider adding this concentration as a way to more successfully launch their careers. As one alumnus wrote, "There is a reason why the infamous IB technical interview typically consists of a slew of accounting-knowledge questions: If you want to be a serious investment banker, you need to be serious about accounting."

The concentration, targeting students who are NOT interested in the CPA route, consists of four courses and includes one required course (Intermediate Accounting), one course in the area best matching their career interests (Financial Statement Analysis or Managerial Cost), and two electives from a broad set of offerings both in and out of the Accounting Department.

For more information, please see the attached brochure or contact the Accounting Department (Fulton 520).
New Courses for 2018:

**MFIN2270: Data Analytics in Finance**
Offered MW 12PM and MW 3PM

Corporations, investment banks, and asset management firms increasingly base their operational and investment decisions on the statistical analysis of “big data.” In this course, you will be introduced to Python, a popular modern programming language, and learn how to use Python to extract data from SEC filings, estimate univariate and multivariate regressions on real-world financial data, and perform Monte Carlo simulations. This course is taught by Professor Jon Reuter. (Prerequisite: MFIN1021)

Please see attached list for descriptions of fall electives or refer to the Finance Department website: www.bc.edu/finance.

**Intermediate Accounting for Finance and Consulting**

The Accounting Department is offering a new course this fall, “Intermediate Accounting for Finance and Consulting”. As the title states, this course is geared for non-CPAs but those who want to further their understanding of accounting beyond ACCT 1021. (This course is in lieu of ACCT 3301 and 3302, which are intended for the CPA track.) The approach to the material will be taking the “user” perspective of financial reporting and understanding how the financial statements convey information about the firm. There is less emphasis on rules and debit/credits and more emphasis on cases and applications. For information, please see the attached course description or contact Mary Ellen Carter (carterma@bc.edu).

**Dive, Dissect and Decide with Big Business Data**

The world of business is deluged by data and there is an increasing demand for individuals who are able to dive into, dissect and drive decisions with it. This course uses data analytics and research in financial reporting and economics to understand fundamental business issues. You will be introduced to the framework of dealing with big data in a business, and to understand problems and evaluate solutions using data and research findings. You will also acquire practical skills such as exposure to Structure Query Language (SQL) and data visualization tools, and learn to analyze structured and unstructured data to drive decisions. We will apply the newly acquired data skills to understand these core business issues: How should compensation be set? Why is one company’s governance structure different from another company’s? How do we identify internal control weakness and minimize the risks associated with it? How can we prevent and detect frauds? For external parties such as investors, bankers, auditors and regulators, how can they protect their interests? We will answer these questions and more using data to understand problems and evaluate solutions.
Details for ACCT 6640: This course will fulfill the elective requirement for the Business Analytics concentration, the Accounting concentration, and Accounting for Finance & Consulting concentration.

Prerequisites: Financial Accounting (ACCT1021 or equivalent) and Statistics (OPER1135 or equivalent)

For more information, please contact Professor Lian Fen Lee at lianfen.lee@bc.edu.

Quality Management in Fall

Beginning in 2018, Quality Management will be offered in the fall with Joy Field. This course focuses on quality management as a core applied capability that crosses all industries and functions. Students will explore a variety of quality programs and tools with an emphasis on the Six Sigma (DMAIC) approach to quality analysis and process improvement in both services and goods producing operations. During the course students will have an opportunity to pursue Six Sigma Green Belt certification. The course emphasizes interactive learning using in-class exercises and cases. Contact Joy Field (fieldjo@bc.edu) if you would like a syllabus or for further information

OPER 6614 (which is being offered instead of OPER 3304 during the 2018/2019 academic year and ONLY in the fall term) counts as an elective in the Operations Management concentration and Business Analytics co-concentration but is appropriate for all students.

Details:
OPER 6614 Quality Management
Fall 2018
Th 7:00-9:30 pm

Business Analytics Concentrators:

One of the required courses for BA has changed codes and names. The former “ISYS 6640, Analytics and Business Intelligence” will now be “ISYS 3340, Data Analytics in Practice”. It will be offered both in the fall and the spring. Note: there are also a couple of new electives—one in Accounting and one in Finance. You may count one course toward both your primary concentration and your Business Analytics co-concentration.

The most up-to-date list of electives can be found at:
https://www.bc.edu/bc-web/schools/carroll-school/academic-departments/operations-management/concentration-academics.html#business_analytics_co_concentration.

Interested in Investment Banking or Consulting?
If you wait until fall to prepare, you will not have sufficient time. Sign up for office hours with Raffi:

“Raffi Grinberg is a former Bain & Company management consultant. He’s also written the published math textbook The Real Analysis Lifesaver, worked as a product manager at Vanguard as well as a startup, and built the financial education app DollarsEd. Raffi currently consults for leading EdTech companies and higher ed organization.

-Management Consulting
Some consulting companies recruit sophomore spring for leadership events that take place in sophomore summer. These are excellent opportunities to get a foot in the door (and a good chance of an offer) before the official junior internship recruiting, which can be extremely competitive. Many of these opportunities involve case interviews. Whether you plan to apply to one of these or just to the junior internship, now is the time to start preparing! In order to have a decent chance, most people need to practice out-loud case interviews 20-30 times. You can learn more about case interviews and how to prepare here. Then, you can sign up for a mock case interview with Raffi here.

-Investment Banking
Many investment banks begin recruiting for junior internships at the end of sophomore summer, and some are now starting to recruit during sophomore spring. In addition to standard behavioral interviews, many banks use technical interviews. These require not only a decent understanding of accounting and finance, but also some knowledge of the format itself: the types of questions that are frequently asked, the level of depth they want, the most common mistakes… Now is the time to start preparing. You can sign up for a mock interview with Raffi here.

You also have access to the Breaking Into Wall St. Guide at a significant discount. See these instructions for the download. Go to checkout page using this link: https://ym931.infusionsoft.com/app/orderForms/Investment-Banking-Interview-Guide
Fill out the form on this page copy and paste the discount code BC-BIWS-IBIG-2017 into the Promo Code field to make the product $25.00, enter Credit Card information ($25 will be charged). Retail for this product is $175 so this is significantly reduced for BC CSOM Undergraduates.

Seeking a marketing job or internship? Make sure that you’re ready, well positioned and differentiating yourself.
Meet with Prof. Jean Mojo to learn more about career paths in Marketing and how to position yourself to get the job. Prof. Mojo was the CEO of a WPP Group Agency and started her career in Brand Management for a Consumer Goods Company. She’ll help you explore various marketing careers, better understand the marketing recruitment
process and guide your search process. Prof. Mojo meets with students on campus every Thursday between 11-2. Schedule a meeting at goo.gl/7zyKM. If those times don't work for you, contact her at mojo@bc.edu.

**Internship Boot Camp: Sponsored by Synchrony Financial**

Friday, April 13th, 11:00 am-2:00 pm, McGuinn 334

The Bootcamp is a workshop for freshmen, sophomores, and juniors who have an internship for the upcoming summer. Students will learn how to maximize their time in the workplace throughout the summer. It will teach students a variety of skills such as the benefits of asking for help, acknowledging their own developmental opportunities, and how to set and achieve goals that go beyond their internship. There are no major or school restrictions, but they encourage students to apply who are interested in working a business environment. Lunch will be provided, and students will have an opportunity to network with the Synchrony team (BC alumni) and participate in a Q&A with team members. The application deadline has been extended to **Sunday, April 11th!** Apply via EagleLink. Synchrony has also added a series of Drop-in Sessions on April 13th for students who are unable to attend the entire Bootcamp session. You can sign up for a 30-minute meeting via EagleLink as well.

**Real Estate Career Trek**

Friday, April 13th, 10:45 am, Citizens Bank Boston Office

Join us for a Career Trek to Citizens Bank Boston HQ! Students will hear from current Citizens employees who are also BC alumni about careers in banking and financial services, tour the downtown Citizens Bank corporate office, and more. Lunch is provided. **TRANSPORTATION:** A member of the Career Center will depart campus from Southwell Hall at 10:45 a.m. and take public transportation to Citizens. Students are welcome to meet in front of Southwell Hall at 10:45 a.m. and join. Alternatively, students may use rideshare apps such as Uber and Lyft and plan to travel together and meet at the Citizens office. The Citizens Bank office is located at 28 State Street Boston, MA 02109. Please RSVP in EagleLink.

**Internship Opportunity: Red Sox Junior Sales Academy**

The Red Sox Sales Academy has created the “Red Sox Junior Sales Academy” to give current college students the opportunity to grow into future sports and entertainment sales professionals. Responsibilities include actively selling all inventory at Fenway Park including season tickets, partial plans, group tickets, and special events. Sales interns will work up to 40 hours per week on site at Fenway Park, from May thru end of August 2018. Please note that this is a paid internship at $11 an hour. We do not provide any housing for the summer or help with relocation. You MUST be able to work full time from May - August 2018. This means not taking week long vacations or extended time off.
RESPONSIBILITIES:
- Develop new leads through cold calling, emails, text, and referrals from current customers.
- Minimum of 70 phone calls per day; including 2 appointments per week
- Provide excellent customer service to prospects and current clients over the phone and at games.
- Represent the Club in a positive and professional manner at all times.
- For more information and to apply, click here.
**Representatives from the Sales Academy will also be on hand at this year’s Sport and Entertainment Career Fair to discuss this program and a very limited amount of tickets for the Fair are still available at www.redsox.com/secf**

2018 Shea Center Internship Program

The Edmund H. Shea Jr. Center for Entrepreneurship has a goal to foster collaborations between students, and the greater entrepreneurial ecosystem of Boston and beyond. Interning at a start-up provides a unique opportunity for a student to do many tasks, make valuable contributions to a small team, and experience company growth and failures. The start-ups need our students as interns as much as the students need the valuable experience of working for a company in its early stages. At the Shea Center we recognize that many start-up companies are small and just taking off, which means their resources to pay our students is limited. The Shea Center will work closely with the start-up company to ensure our students receive monetary compensation along with gaining great experience.

REQUIREMENTS: Current undergraduate freshmen, sophomores, and juniors are eligible to apply. Student must obtain their internship on their own. Once the student has secured the internship, they will fill out the form here. Internships must be a minimum of 6-weeks or 200 hours. If accepted into the program, the student will receive a stipend of $1000.00 and is required to check in once during the internship with a Shea faculty member and write 3 blog posts throughout the internship discussing what they learned. Students must also provide us with an official offer letter. Applications accepted on a rolling basis.

Internship Opportunity: Galehead Development

Galehead is looking for a Summer Intern! Galehead Development is a market and project mobilization platform for cost-effective clean energy resources. We are growing rapidly and working with leading developers and vendors in the solar industry to originate projects and contribute meaningfully to solar penetration in the United States. The Boston-based startup (founded by 3 BC alums) is looking for one full time summer intern that can learn and support Business Development, Project Development & Management, Market Research, and Big Data Analytics & Operations. Either Business,
Computer Science/Technology, or Science/Environmental majors preferred, but not required - any candidate with a passionate interest in cleantech should apply. Interested applicants should submit a resume & a short introduction to john.clifford@galeheaddev.com.

**BC Job Opening: Marketing/Graphics Design Assistant**

Job Description:
- Design posters, flyers, TV slides, schedules, forms, etc.
- Update Campus Recreation Website
- Help with various other projects
- Starting pay rate: $11.75/hr

Requirements:
- Must be able to start by the first week of June
- Proficient with Adobe Creative Suite including Photoshop, InDesign, and Illustrator
- Knowledge of Microsoft Office (Word, Excel, etc.)
- Knowledge of basic HTML
- Photography skill preferred
- Creative with good organizational skills
- A portfolio of your work ready to submit

If interested, please complete and send the PDF application, your design portfolio, and resume to Becca Fink at finkbe@bc.edu. The position is for this summer, but could begin in the spring depending on student availability. A description and information on how to apply can be found at:
http://www.bc.edu/offices/rec/about-us/employment.html

**this week LEADERSHIP**

**Save the Date: Santiago Siri on the Future of Democracy**

**Presented by the The Cryptocurrency Club**

Tuesday, April 24, 7:30-9:30 pm, Devlin 008

Democracy Earth, a 501(c)(3) foundation, is building a decentralized, open-source voting protocol that allows citizens to securely and anonymously vote. Founded in 2015, Democracy Earth is a Y Combinator backed startup led by Santiago Siri that intends to construct a liquid democracy platform where citizens can vote for elected officials and laws. Democracy Earth’s inspiration stems from Siri and his co-founders running for a seat on the city council in Buenos Aires. Democracy Earth’s Sovereign platform allows
anonymity to users, which will help eliminate voter suppression in democracies. Democracy Earth is currently planning a token sale for April. Siri will be speaking at Boston College about Democracy Earth and his thoughts on blockchain technology.

Here is the link to the event which has a description: https://www.eventbrite.com/e/santiago-siri-on-the-future-of-democracy-tickets-44374712961. Here is more information about Boston Blockchain Week: https://www.bostonblockchainweek.com/

The Cryptocurrency Club of Boston College educates and introduces students to the cryptoasset industry. The club sends out newsletters via email, hosts bi-weekly meetings to discuss new developments in the space, organizes joint meetings with other Boston area crypto clubs, and attracts engaging speakers to campus.

**Opportunity for Kaplan Course Scholarship**

Boston College Relay for Life, a national fundraiser for the American Cancer Society, is offering a chance for students to win a Kaplan Test Prep Course Scholarship. Our goal is to get at least 270 people to register for a free online class for a chance to win a discounted Kaplan class valued at $1,250. See attached flyer for more information.

**Take Home Professor is back: 11 left!**

Invite a professor to dinner in your residence hall or apartment and you will receive a $100.00 allowance to pay for the ingredients. Contact the professor and come up with a date and time for the dinner.

- Once the plans are set, send one email to all the participants and Terry Rezzuti (rezzuti@bc.edu) with the date, time, and location.
- Students must be sophomores, juniors, or seniors in the Carroll School. There must be at least three Carroll School students attending the dinner with the professor.
- If you have a kitchen in your apartment on or off-campus, students will cook the professor dinner. If you don’t have a kitchen, you can get take-out for the professor.
- Professors can only attend one dinner per semester. So act fast if you want to invite a particular professor!
- A picture must be taken and submitted to Terry at rezzuti@bc.edu for proof.
Lunch with a Professor

Grab a few of your classmates and take your professor to lunch (on us!) The Carroll School of Management will give you a dining card to use at any of the on-campus dining hall locations to have coffee or lunch with one of your professors. Space is limited so reserve yours today!

Here is how you do it:

1. Only one person can reserve the card each day. Before you invite your professor to lunch, first check out the availability of the card on this Doodle schedule. Make a note of a few dates that are available.
2. Invite your professor to lunch and give her/him some available dates.
3. Reserve the dining card on the Doodle schedule at least 48 hours in advance.
4. Stop by Fulton 315 to pick up the card after 10:00 am on the morning of your lunch.
5. Enjoy your lunch at any of the on-campus dining locations!
6. After lunch, return the card to Fulton 315 along with a receipt from the dining hall by 3:00 pm on the same day.
7. Take a picture with you and the professor and send it to Erica Graf.

Open to all freshmen, sophomores, juniors, and seniors in the Carroll School of Management. Each "Lunch with a Professor" can have a maximum of five students in attendance.

Sponsored by the Accenture Fund at Boston College
