Take Intro to Law (Business Law) in Spain this summer!

There is still room for this summer! Apply by February 5th! (Application below.)

This course introduces students to the legal system; the social, legal and regulatory environment of business; and the ethical decision-making process. Using a modified case method, students analyze court decisions and other materials that illustrate the role of law in society and the impact of law on the business community. Active student participation is expected in order to assist students in the development of analysis skills, making critical judgments, and the ability to articulate complex ideas effectively.

Current events impacting the legal environment of business in the U.S., Spain, and the European Union, as well as elsewhere throughout the world, will be integrated within class discussions as they relate to the textual material. While taking this course fulfills one of the CSOM core requirements, it is also designed for all undergraduates, no matter what their concentration or school.

Course code: BSLW1021 (3 credits) - This fulfills the CSOM Business Law requirement

Program Dates: May 26 - June 22, 2019
