| 1. Introductions | • Welcome issued by Diversity Advisory Board (DAB) chair Dr. Nadia Abuelezam  
• Dr. Abuelezam provided an overview of the agenda and change in meeting format  
• Dr. Abuelezam opened the floor for participants to suggest ground rules establish an open dialogue and create a safer space | The following ground rules were set:  
• Separate the person from the comment  
• “Oops” and “Ouch”  
  o Say “oops” if you felt you spoke out of turn or inadvertently said something offensive  
  o Say “ouch” if something offends you”  
• Keep an open mind during discussion  
• Respect and maintain the privacy of others. What happens in the room stays in the room.  
• Be present during discussion |
| 2. Call to Order/Review of Minutes | • Attendees reviewed minutes from Fall 2018 | • **Motion to approve**: Joyce Edmonds  
• **Seconded by**: Tam Nguyen  
• Minutes approved by DAB attendees |
| 3. Review on-going work and action items | **Dr. Abuelezam provided a review of the following initiatives:**  
• Creation of identity videos featuring faculty, staff, and students  
• KILN monthly lecture series (Big 8)  
• Story telling in DAB Meeting  
• Meeting with Father Michael/BAIC/Dean Gennaro and students of color  
• Visits to CSON classes (pop health, MSE psych mental health course)  
• SCRUBS and VITALS retreats  
• Monthly faculty/staff newsletter  
• CSON faculty meeting discussion on race |
| 4. Campus climate and open forum | • Dr. Abuelezam provided an overview of the hate crime committed in December 2018 and the campus response by the administration to the incident  
• Many praised CSON’s response to the incidents but expressed some disappointment about the rest of the administration’s response to the incidents  
• Some students of color have felt burdened by being called on by instructors to represent the perspective of their race/ethnicity or other areas of identity  
• Discussion held around increasing diversity of faculty in the school of nursing and creating more pathways to leadership for students in CSON  
• Discussion raised around providing more training and support for clinical faculty | **Suggestions:**  
• Collaborate with community organizations like the Haymarket Collective and People’s Institute for Humanity and Beyond |

| 5. Allyship | • Julianna Gonzalez-McLean provided information on how to actively serve as an ally to those from diverse populations  
• A reflection handout was shared with participants  
• Participants worked pairs to discuss how they will be effective allies | **Suggestions:**  
• Consult BC Center for Teaching Excellence for support developing a syllabus to increase language that incorporates inclusivity  
• Provide training on allyship to faculty |
