

## PERSPECTIVES ON LAW AND JUSTICE REQUIREMENT

BOSTON COLLEGE LAW SCHOOL

Office of Academic & Student Services

### Academic Years 2019-2022

A course satisfying the “Perspectives on Law and Justice” requirement undertakes a sustained and rigorous inquiry, consisting in more than half of the course’s themes, discussions, and readings, into the nature and meaning of “law” or “justice” through the lenses of the humanities or social sciences. The objective of this requirement is to have students step back from predominantly doctrinal and practical legal study to examine law or justice through those lenses. A course satisfying the Perspectives requirement may also satisfy the Upper-Level Writing Requirement provided it also meets the latter’s standards. A Perspectives course may not also satisfy any other *Juris Doctor* graduation requirement. *Courses offered in Academic Year 2019-2022 that satisfy the Perspectives on Law and Justice Requirement follow:*
