Thank you!
The Applied Psychology Practicum is a 3 credit, course-based experience that allows students to:
- Develop experience in a field placement setting
- Develop professionally and practice work-related skills
- Receive mentoring and supervision from a site supervisor and professional within the field

Practicums occur in many fields, including human capital, non-profit management, applied psychology, education, advocacy, and policy

**ABOUT APSY2152**

- Oversee BC practicum students at your site
- Provide students with 8-12 hours of work with the site, as well as 1/2 hour of supervision per week for the duration of the semester
- Support students by filling out evaluations on their performance, assisting with questions, and remaining available to students when needed for assignments or other requirements of the course

**YOUR ROLE**

**SUPPORT FOR SUPERVISORS**

- The Boston College Office of Field Placement and Partnership Outreach is always available to field any concerns or answer any questions: apsypracslsehd@bc.edu
- The Applied Psychology Practicum Website is a useful resource. It can be accessed here: https://www.bc.edu/content/bc-web/schools/lynch-school/academics/departments/cdep/applied-psychology-practicum.html
