About Boston College and the Office of Residential Life

Boston College is a Division One university with approximately 9,100 undergraduate students (7,600 residential), located on 118 acres in Chestnut Hill, Massachusetts, a beautiful suburb seven miles from the center of Boston. Founded by the Society of Jesus in 1863, Boston College has strong Roman Catholic educational values, which are used as a foundation for our work with and care for students.

The Office of Residential Life strives to create a safe and welcoming environment for all students by engaging our residents on topics related to diversity and inclusion, faith and spirituality, responsible social activities, and academics. Under the leadership of the Associate Vice President, Director of Residential Education, and Director of Operations, the department consists of 40 professional staff members, 23 graduate assistants, 192 RAs, and additional student employees.

Members of the Boston College Residential Life Staff serve a University which embodies the Jesuit, Catholic tradition and seeks to promote the values that this tradition represents. As staff members, we are charged with furthering those goals by fulfilling the terms of this Agreement and by maintaining at all times exemplary standards of personal and professional conduct in conformity with those values. By personal example, Resident Assistants are student leaders who strive to create safe and inclusive environments for all students by living, reflecting, and expressing the values of a Jesuit and Catholic institution as defined by the teachings of the Roman Catholic Church, with a special commitment to cultural diversity and social justice.

Position Overview

The Graduate Assistant for Pine Manor Campus (GA) lives with, ministers to, and provides support services directly to students. GAs serve as administrative and developmental support assistants to students living on the Pine Manor Campus (PMC). GAs assist the Pine Manor Campus professional staff with all operational and programmatic activities connected to the PMC residential population including following up on work order requests and managing room change requests. By personal example, the GA strives to create a safe and inclusive environment for all students by living, reflecting, and expressing the values of a Jesuit and Catholic institution as defined by the teachings of the Catholic Church with a special commitment to cultural diversity and social justice. They are primarily full-time, enrolled graduate students in the Masters of Higher Education Administration Program through the Lynch School of Education.

In addition to supporting the full time PMC residential population, under the supervision of a professional staff member, GAs will support all operations related to transitional housing for international students and to Boston College Isolation Housing with specific emphasis on managing logistics and residential care for students in isolation. Logistical support will consist of making transportation arrangements for students to and from isolation facilities, arranging the check-in and check-out operations at the isolation facility, and ensuring that they have access to the services that they will need while in isolation. This staff member will work to ensure that students’ privacy is maintained but that the appropriate offices are
informed so that they can provide the necessary services for students in isolation. The GA will support the work of multiple stakeholders including Dining, Facilities Services, Housekeeping, the Boston College Police Department, and Transpiration and Parking, to ensure that students’ needs are met while they are in isolation.

In addition, GAs will provide overnight staffing as part of a duty rotation that will be available to manage night time situations that arise on campus, including at the isolation facility. They also assist with other duties as assigned.

**Important Dates**

Staff members are not excused from these dates unless a request is submitted in writing and approved by the Director of Residential Education or designee. All staff must abide by the following arrival and departure dates throughout the year:
