About Boston College and the Office of Residential Life

Boston College is a Division One university with approximately 9,100 undergraduate students (7,600 residential), located on 118 acres in Chestnut Hill, Massachusetts, a beautiful suburb seven miles from the center of Boston. Founded by the Society of Jesus in 1863, Boston College has strong Jesuit Catholic educational values, which are used as a foundation for our work with and care for students.

The mission of the Office of Residential Life is to create a respectful, healthy, and safe living community for our residents. We are committed to integrating the Ignatian tradition into the formation of each student by connecting their intellectual, ethical, religious, and spiritual lives through a myriad of programs and services. Our role in this formational development is achieved by promoting the academic mission, encouraging responsible and ethical behaviors, engaging residents in conversations regarding diversity, and creating safe, well-managed learning environments where students can seek the greater good.

Under the leadership of the Associate Vice President, Director of Residential Education, and Director of Operations, the department consists of 40 professional staff members, 24 graduate positions, 192 RAs, and 20 additional student employees.

Position Overview

Members of the Boston College Residential Life Staff serve a University which embodies the Jesuit Catholic tradition and seeks to promote the values that this tradition represents. As staff members, we are charged with furthering those goals by fulfilling the terms of this agreement and by maintaining at all times exemplary standards of personal and professional conduct.

The Living Learning Communities (LLC) GA is a full-time graduate assistantship for a full-time enrolled graduate student (29 hours a week). This position is great for those interested in gaining Residential Life experience while working directly with the development of Living Learning Communities (LLCs) at Boston College. This individual will serve as an administrative and developmental support assistant for the Office of Residential Life’s LLCs (15 hours a week) while also serving as a resident advisor for the Shaw Leadership Program (14 hours a week). Note that there will be some weeks where the RA aspect of the job requires more hours than the LLC aspect of the job and vice versa. The LLC GA will be an engaged member of the FitzShawGA staff, serve as an RA for twenty first-year Shaw participants who reside in the Shaw House, participate in staff development, staff training, and community programming. In addition to hall staff responsibilities, the LLC GA will also provide administrative support and oversight to the various Living Learning Communities such as: serving as the advisor for the Shaw Leadership Council (part of the 15 hours a week), assisting with assessment efforts through data collection and reporting, providing creative support and implementation of program marketing and student recruitment, and overseeing the application and selection process for upper class Living Learning Communities.
