Boston College Resident Assistant Positions 2018-2019

• Application Open from Nov. 1 - Jan. 8th, with interviews occurring in January and February.
• Decisions Made - Mid-Late February (Feb. 16 this year).

If you are interested in being a Resident Assistant (RA) on campus next year, you are welcome to visit this [website](http://www.bc.edu/reslife) to learn more. Unfortunately the selection process has already taken place, but the Office of Residential Life will typically accept applications late if you have just been admitted to the institution. This would place you on the Alternates list, which they pull from throughout the semester as positions open up.
