

BOSTON  
COLLEGE

Summer 2019

Faculty-led programs and summer internships  
for professional, academic and personal growth

Each year, approximately 300 students participate in Boston College (BC) summer faculty-led programs and internships, allowing them to extend their learning on campus to an overseas destination while earning academic credit and building critical skills. Program offerings represent a range of academic subjects from art history to science in geographic settings spanning from Santiago to Hong Kong.

### Why go abroad during the summer?

- Fulfill requirements in your major/minor/core
- Earn grades toward your GPA
- Gain cultural competency and skills employers are looking for
- Explore a new culture with a BC professor, in a small class setting
- Fit an international experience alongside academic year commitments on campus
- Go abroad as early as the end of freshman year and any time before senior year
- No GPA minimum requirement

## 2019 Program Offerings

[www.bc.edu/international/whygo](http://www.bc.edu/international/whygo)

## Internships

An internship abroad affords students the opportunity to develop skills that are highly valued in careers in both the public and private sectors, including:

- Intercultural competency & awareness
- Global perspectives
- Foreign language proficiency
- Adaptability
- Problem-solving skills
- Communication skills
- Increased confidence and initiative

Eight-week summer internship programs are offered in:

- Dublin
- Hong Kong
- Madrid
- Paris
- Prague

## Learn More

Visit [www.bc.edu/international](http://www.bc.edu/international) for information including academics, cost, funding opportunities and more. Search **#BCSummerAbroad** on Instagram to learn about the student experience.

*“What really sets my experience apart from those of dozens of other applicants is the fact that I interned in a foreign country. It shows that I can adjust to new and different environments well. It also demonstrates my ability to communicate and work with people from very different backgrounds.”*

*2017 Dublin Internship participant*
